GERMANS START BIG DRIVE ON THE WESTERN FRONT

Will Attempt to Bend Back British Flank on the Belgian Coast

HEAVY FIRE DESTROYS BRIDGES ACROSS YSER

Heavy Firing is Heard in England at Beginning of Dawn Today

Just as the Russians in the east have torn a big gap in the Austro-German lines in Galicia, captured Halicz and pressed on toward Lemberg, the Galician capital, the Germans on the western front have started a menacing offensive near the Belgian coast.

This movement while it may turn out to be nothing but a local effort or something with which the British can cope after the shock of the first thrust has been met, nevertheless indicates the possibility of a determined attempt to bend back the British flank on the Belgian coast and reach the French city of Dunkirk about 17 miles distant.

The German succeeded in their initial push by leveling the defenses through an intense bombardment for 24 hours and then attacking last evening over the devastated ground. The bridges across the Yser were destroyed by the heavy fire and the sending up of reinforcements was found impossible. Thus a penetration of 800 yards deep on a front of 1400 yards near the North Sea.

The attack also extended further south, opposite Lombardzyde, but here, after having temporarily driven in the British advance line, a counter attack forced the Germans back to their original positions.

There have been no serious attempts by the Germans to break through the British front in Belgium since their two campaigns for Calais in the early months of the war. The first was checked along the Belgian front by the combined British and Belgian defense, aided by the participation of British warships along the coast. In the second battle of Ypres, in the fall of 1914, the Germans sacrificed thousands of men in a terrific drive but failed to effect a penetration.

Reports from London today indicate that the battle in Belgium is still in progress. The sounds of heavy firing, heard in England all day yesterday, were again heard today beginning at dawn.

In the sensational campaign which the revolutionary army of Russia is waging in Galicia the capture of Halicz, important though it is, is (Continued on Page 2, Col. 1.)

COLUMBUS WOMAN HEADS THE COLORED STATE FEDERATION

(Associated Press Telegram)
Mt. Vernon, O., July 11.—Miss Anna Hughes, of Columbus, was elected president of the State Federation of Colored Women's Clubs today. She succeeds Mrs. Minnie Scott, of Toledo, who declined to accept the position after holding it for five years. Eleven new clubs became affiliated with the state organization in the past year, reports showed.

CUT DOWN YOUR MEAT ALLOWANCE

(Associated Press Telegram)
Washington, July 11.—To conserve the nation's meat supply each person in the United States is asked by the food administration to cut down by at least one ounce the amount of meat eaten each day. Recent studies, it is stated, show that the average daily per capita consumption is nearly one-third of a pound of beef and one-fifth of a pound of pork. The adoption of this suggestion will, it is believed, relieve the demands of the armies at home and abroad and also leave a larger supply for the allies.

OFFICERS' TRAINING CAMP.
(Associated Press Telegram)
Applications for a division to the second training camp at Fort Benj. Harrison will close July 15. Military training is not necessary for admission. A number of Newark men will file application for admission to the training school this week.

WHY NOT TRY THE SAME THING HERE?

(Associated Press Telegram)
Toledo, Ohio, July 11.—Hundreds of women with market baskets flocked to the two free municipal carb markets, opened early today for the first time. Prices prevailing for produce were lower than in the groceries. Not nearly enough produce to supply the demand was offered.

CARD OF HONOR DECORATES HOMES THAT HAVE GIVEN MEN TO THE U. S. MARINES

This new card has appeared recently on many houses throughout the United States and signifies that a real true blue American has left his home to take his place in the ranks of Uncle Sam's marines.

BAN PUT ON THE FREE LUNCH IN NEW YORK CITY

(Associated Press Telegram)
New York, July 11.—Free lunch and a large glass of beer for a nickel will pass into history beginning next Monday, according to an announcement of the Retail Liquor Dealers' Association of New York City. It was said the abolishment of the free lunch would save the 3,000 saloonkeepers, members of the association, about \$20,000 to \$25,000 worth of food each day and that the organization had taken this action to help the government in food conservation. Besides using smaller beer glasses at all bars it was decided to raise the price for a pint of beer to 20 cents.

M. J. Jennings, a wholesale and retail liquor dealer, predicted today that 5 per cent of the saloonkeepers in this city would be forced out of business on account of decreased consumption due to high prices. It was also said at least 1400 saloons in the state would automatically go out of business October 1 when the Brown Act, which provides that in cities of the third class there shall be not more than one saloon to every 500 population, will go into effect.

FIRE AT AKRON DOES DAMAGE TO BUSINESS BLOCK

(Associated Press Telegram)
Akron, Ohio, July 11.—Fire which early today gutted the A. B. Smith building at 188-190 South Main street and for several hours threatened to destroy the entire block, caused damage of at least \$200,000, it was estimated today. A. B. Smith, president of the A. B. Smith Piano Company, and owner of the building, was the heaviest loser. Smith stated that the building was valued at \$50,000 and the stock and fixtures of his store at \$75,000 more.

M. Wolovek, proprietor of the Peoples Bargain Store, 190 South Main street, in the basement of which the fire started, was the next heaviest loser. His entire stock, valued at \$25,000, was completely destroyed.

Occupants of adjoining buildings suffered heavy loss from water flooding the floors. Two firemen were injured by an explosion.

WHERE THEY BELONG.
Marion, O., July 11.—J. H. Blowers, Arthur Horbath, Wm. King and Joseph Blowers are in jail here as a result of tanning Company D soldiers by calling them "tin willies" and "boneheads" last night. Police rescued them from being violently handled.

"KAISERS" AND "BISMARCKS" ARE NOT IN FAVOR

(Associated Press Telegram)
Chicago, July 11.—There are no more "Kaisers" among the dog population of Chicago, according to City Clerk Igoe, who says that since the declaration of war between the United States and Germany the owners of the former "Kaisers" have been busy selecting new names for their pets. "Bismarck" is also being forgotten, he said.

"There is not a single one of the 'Kaisers' and 'Bismarcks' this year of a multitude registered by dachshund owners in previous years," said the city clerk today. "Among the popular names for canines are Bingo, Snookum, Cupid, Gus and Peanut. Many also are naming their dogs after distinguished Americans."

GERMANS MUST KEEP OFF PIERS SAYS WARNING

(Associated Press Telegram)
New York, July 11.—A further move to keep the waterfront here free from enemy aliens was made today when placards warning all Germans to keep off were distributed to all docks and piers in this city and Long Island points. It was said similar notices would be sent to points on the Hudson river and the Connecticut shore before the end of this week. No rule has yet been issued closing the big skyscraper buildings along the harbor front to alien enemies, and it was said no such move was contemplated for the present at least. It was also said the alien enemy class, although the Staten Island ferry was cited as an excellent vantage point for the passengers to see the shipping activities of the harbor. The notice, signed by Thomas F. McCarthy, United States marshal, states that "any enemy alien found on any dock, pier or wharf or employed in any maritime would be immediately arrested."

"HOPPY" HOPPED TO IT FOR JUST A LITTLE "SNACK"

Chicago, July 11.—J. H. Hopkins of New York, who is 6 feet 7 inches tall and weighs 240 pounds, is the champion eater of the Bookmen of America. At the annual picnic of the organization yesterday, the New Yorker won the eating contest by consuming four chickens, several helpings of salad, and almost a gallon of ice cream. Later in the evening he declared he was hungry and ate a full dinner.

The western members of the Bookmen defeated the easterners, 10 to 4, at baseball for the third time in three years.

POSTMASTER SUICIDES.
Dayton, July 11.—Frank Carey, postmaster at Waynesville, Warren county, committed suicide by shooting himself at his home early today. He had been postmaster at that point for three years and had been in poor health for some time.

Postmaster Max, of this city, and Postmaster Inspector Swain went to Waynesville today to take over the postal affairs.

RAPID RISE OF RUSSIAN WAR LEADER

Had Humble Origin, Being Born in Cabin in Western Siberia

HAS PARTICIPATED IN NUMBER OF ENGAGEMENTS

Advance in Galicia Sector Has Astonished the Military Experts

Petrograd, July 11.—Russia is ringing with the name of the latest hero of the war, Lieutenant General L. G. Korniloff, victor of Galicia, whose astonishing feat first proved that the new advance is not mere flash in the pan. General Korniloff is the most daring, chivalrous and scholarly officer in the army. For a romantic rise from humble origin Russian history has only one parallel—that of Michel Vassilievitch Lomonosof, fisherman's son, poet, philosopher, creator of the modern Russian language, in the first half of the eighteenth century.

From log cabin to general is the literal text of the chronicle of General Korniloff's career. Born 46 years ago, son of a need-stricken Karalinsk, Cossack in western Siberia, who later reared a large family on a pitance gained as the village clerk, young Korniloff early began rough forest work. At the age of 9 he received his first instruction. When barely 13 he, by his own exertions and all night studies, qualified to enter the Siberian cadets' corps, largely composed of sons of local magnates. Thanks again to his own efforts, his indomitable Siberian pioneer character gained free training at the Michailovsk Artillery School where his amazing mathematical faculties brought approval from the authorities, even though he was suspected, with reason, of being a secret revolutionary.

Next General Korniloff was an officer in the guard and being penniless he was obliged to serve in Turkestan. In the Japanese war he received the rank of colonel and was entrusted with a desperate mission—that of covering the retreat from Mukden of one of General Kuropatkin's shattered armies. It was executed with such resolution and skill he was given the St. George Cross. Later he traveled all through Turkestan, the Caucasus and Europe, studying, observing and writing valuable books on Turkestan and the countries of Central Asia.

Amazing to strangers is his gift for languages, for he speaks not only all European, but also Persian, Chinese and every dialect of Central Asia.

At the outbreak of the great war he was in command of the forty-eighth division, once called Suworoff's, now Korniloff's. In Galicia in 1915 he repeated the Mukden feat, covering an unexpected month long hail of Austro-German shells where in his own force broke through the encircling foe, but he himself was wounded and taken prisoner by the Austrians.

The enemy press related that their generals were so impressed with General Korniloff's accomplishment and noble bearing that the return of his sword showed greater honor to Russia's admirable Crichton than to their own victorious commander. His restless spirit did not long stand captivity. After a daring flight from an Austrian prison camp and astonishing adventures he reached Russia.

At the outbreak of the revolution he was invited to command the troops of Petrograd, implying full confidence in revolutionary Russia. When the disorders arose General Korniloff fearing the necessity of repression, resigned, saying he would sooner shoot the foe than his own countrymen. He took command of the Eighty Army, whose brilliant exploit is due primarily to him.

BRITISH AIR RAID ON CONSTANTINOPLE

London, July 11.—An air raid on the enemy fleet off Constantinople was announced in a statement of the British war office today. Bombs were dropped on the Turkish cruiser Ywuz Sultan Selim, formerly the German cruiser Goeben. The extent of the damage to the vessel is not known.

The war office at Constantinople was also attacked and a direct hit was attained by the British, who returned without casualties.

TIME EXTENDED FOR MAKING APPLICATION

Columbus, O., July 11.—Time for making application for entrance into the second officers' training camp at Fort Benj. Harrison has been extended one day, or until Monday, July 16, according to announcement today by Major George L. Converse at the Columbus barracks.

Approximately 2,000 Ohio men will have applied for entrance into the camp by that time, Major Converse estimated. Ohio's quota will be approximately 800 men.

BRITISH FIND IMPORTANT U-BOAT BASE OFF THE COAST OF IRELAND

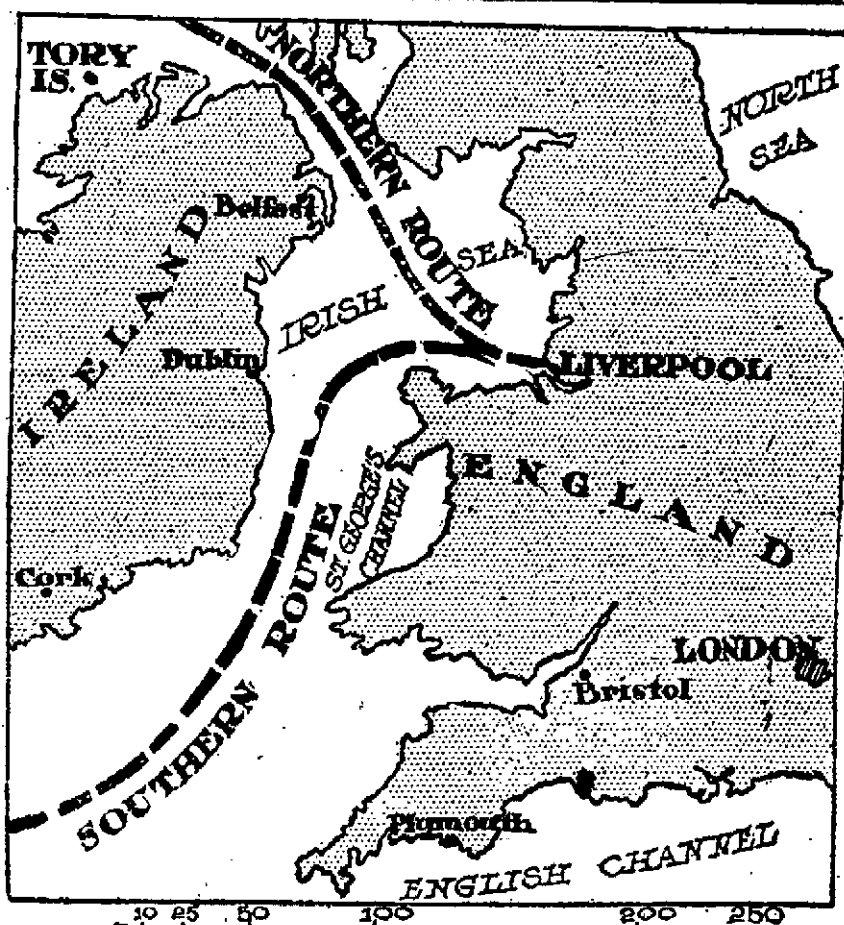

Chart of waters and ship routes near Tory island.

The announcement that the British patrol fleet has discovered a submarine base on Tory island, off the coast of Ireland, throws a flood of light on recent U-boat activities in British waters. Tory island, nine miles long, lies about twelve miles west of the coast of County Donegal, convenient to the track of ships approaching or leaving the British coast.

BOMB EXPLOSIONS WRECK BUILDINGS KILLING ONE MAN

(Associated Press Telegram)
Chicago, July 11.—Three bomb explosions in widely separated sections of the South Side early today caused the death of one man, and the fatal injury of another, damaged a score of buildings and drove dozens of families into the street. Two of the explosions are laid at the door of the "Black Hand," the other to labor trouble, according to the police. The bombs were exploded in buildings with stores on the first floor and apartments above, driving many of the residents into the street in their night clothing.

James were passing the building at 1900 West 59th street when the explosion occurred and the former was killed instantly and the latter fatally injured.

No other persons were seriously hurt, though many suffered cuts by broken glass.

WARSHIPS WILL BE MADE INVISIBLE BY NEW ORGANIZATION

(Associated Press Telegram)
San Francisco, July 11.—The western division of the American Camouflage, an organization of artists, which has for its object the recruiting of men who can assist in rendering the forces of the United States army and navy invisible to the enemy, was organized here last night by artists and scene painters. According to the organizers the work of the association has received special consideration by the war college. By the use of color combinations in small square patches and other methods, United States warships have been rendered more nearly invisible than those of any other nation, the members claim.

BACK ON JOB. EDITORS WANT THE GOVERNMENT TO RUN PAPER MILLS

(Associated Press Telegram)
Cincinnati, July 11.—Conditions in the Cincinnati street cleaning and street repairing departments resumed their normal trend today when three hundred city drivers and helpers who have been on strike returned to work. This also means the return of nearly seven hundred other men.

MUST WALK UNTIL TORONTO STRIKE CAN BE SETTLED

(Associated Press Telegram)
Toronto, July 11.—A strike involving more than 1600 motormen and conductors began today on the trolley system of the Toronto Railway company. The civic and radial lines are in operation but they could not begin to haul the rush-hour crowds this morning and automobiles, vans and other vehicles choked the streets in the business district.

The strikers demand a shorter working day and a wage increase of 10 cents an hour. They rejected an offer by the company of an added two cents an hour.

WORKERS OF THE WORLD SHOOED OUT OF CALIF.
Needles, Calif., July 11.—Citizens armed with shotguns received 60 men, mostly industrial workers of the World, upon their arrival here early today from Jerome, Arizona, where they had been deported. The newcomers were told they would have to return to Arizona.

STILL JUGGLING PROHIBITION IN THE SENATE FOOD BILL

(Associated Press Telegram)
Washington, July 11.—Administration leaders in the Senate, spurred on by Herbert C. Hoover's letter to President Wilson declaring that further delay in enacting food legislation threatens serious losses to both farmers and consumers, today sought to hasten action by the agriculture committee in perfecting the Gore substitute for the food control bill under consideration in the Senate. The committee again today worked on the substitute bill, while the Senate continued debate on general features of the measure.

The Senate will vote on the bill July 21 under an agreement reached only after the Democratic leaders had consented to eliminate some of the bill's most drastic features, including the stringent prohibition provisions. The substitute is generally similar to the original administration bill, except that power to control other industries besides food and fuel has been stricken out. It prohibits the manufacture of distilled liquors, without providing for government purchase of stocks now held in bond, and gives the President power to decide, in his discretion, whether prohibition shall extend to beer and wines.

FASHIONABLE TO CONSERVE ALL FOOD SUPPLIES.

(Associated Press Telegram)
Washington, July 11.—Fashionable eastern summer resorts are to be invaded by representatives of the food administration in an effort to reach household domestics of wealthy families who will be urged to eliminate any unnecessary waste of food.

Among the resorts to be visited and placarded with conservation literature are Newport, Bar Harbor, Tuxedo and Rye Beach. Wealthy residents of Newport are to be asked to open their homes for gatherings of domestics who will be taught through lectures, pictures and other means, methods of food saving.

EDITORS WANT THE GOVERNMENT TO RUN PAPER MILLS

(Associated Press Telegram)
Minneapolis, Minn., July 11.—Resolutions urging the federal trade commission to take over and operate the American print-paper mills and thus reduce the price to the press, were adopted today by the National Editorial Association in annual convention here.

O. M. Levang of Lanesboro, Minn., entered vigorous protest against the policy of small newspapers in granting free advertising to political candidates.

"The candidate for office should be treated the same as the merchant," he declared. "I have heard more than one congressman boast that a couple of packages of garden seed or a public document of some kind would secure the support of the country editor for the next campaign. And they have not been far from right."

WELSH-AMERICAN CLUB.
(Associated Press Telegram)
Cleveland, O., July 11.—The third annual convention of the Women's Welsh-American club, a national organization, opened here today with Welsh women from all over the country present as delegates.

The session will discuss ways and means for financing a home for their aged folks where husband and wife need not be separated.

HOLLWEG SAYS NOT CONQUEST BUT DEFENSE

Chancellor's Policy is Attacked in Sharp Debate Before Reichstag

INTERNAL SITUATION IN GERMANY IS DESCRIBED

Favor Coalition Ministry With Representatives of All Parties

(Associated Press Telegram)
Copenhagen, July 11.—The debate in the reichstag main committee yesterday, according to reports received here, was opened by Dr. Gustav Stresemann, National Liberal, with a sharp attack on Chancellor von Bethmann-Hollweg's policy, particularly that of foreign affairs, which he characterized as being based on no definite consistent program. The chancellor retorted by saying he was forced to look to all sides for support because the reichstag offered him no stable majority. Give him this and he would be able to develop a consistent program, he said.

The Vossische Zeitung adds that the chancellor expressed readiness and willingness to carry through necessary internal reforms.

Herr David, Socialist, painted a picture of the difficult internal situation in Germany. He declared the existing dualism between the government and the people must cease. Thereafter the chancellor again briefly spoke before the committee without reaching any decision.

Afternoon papers yesterday generally assumed that an agreement of all parties except Conservatives and Extreme Socialists had been reached by a joint declaration to the reichstag on peace terms and internal reforms. This, it is said, would contain a reiteration of the chancellor's announcement of August, 1914, that Germany's purpose in the war was not conquest but defense and independence of territorial integrity.

expressing a readiness to conclude peace on that basis with a provision rejecting all designs aiming at an economic boycott and continuance of international hostility after the war.

The declaration, according to reports, would also cover the formation of a coalition ministry with representatives of all parties and immediate reform of the Prussian franchise.

The National Liberals, however, at a meeting in the evening, rejected the peace part of the resolution and as the center had made their attitude (Continued on Page 2, Col. 3.)

I. W. W. ARRIVE AT KINGMAN AND A NUMBER ESCAPE

(Associated Press Telegram)
Kingman, Ariz., July 11.—Sixty odd men, deported from Jerome yesterday as Industrial Workers of the World, active in the strike there, arrived here today from Needles, where armed citizens had met the car in which they were held prisoners and caused its return to Arizona on the next eastbound train.

Some of the men said they had been victims of unfortunate circumstances in the clash between their organization and union miners and mine operators.

Several declared they had been forced to leave claims they were working near Jerome and joined picket lines in the strike called Friday.

Twenty of the men escaped after they were unloaded from the train. The others were taken to the courthouse where they demanded food.

GERMANS PENETRATE BRITISH POSITIONS

(Associated Press Telegram)
London, July 11.—The enemy penetrated British positions in Belgium on a front of 1,400 yards to a depth of 300 yards, says a statement issued by the British war office today.

In their advance the Germans reached the right bank of the Yser near the sea. The attack followed a 24-hour bombardment in which the defenses in the dunes sector near the coast were leveled. The sector was isolated by destruction of bridges over the Yser.

JUDGE JEWELL TO HEAR MOTION FRIDAY

W. C. Metz, treasurer of the es-crow fund of the gas company, stated today that if the case of the gas company now pending in the courts be decided against them and they appeal the case, he will be powerless to distribute any part of the fund.

Judge Harry K. Jewell of Delaware, will be here Friday morning at the courthouse to hear the case, which involves about \$25,000.

APPLICANTS

BEING EXAMINED TODAY FOR THE NEW DIVISIONAL MOTOR-TRAIN SERVICE.

Number of Men Have Applied for Enlistment as Chauffeurs and Mounted Policemen.

The examining physician for applicants who have applied for enlistment in the new divisional motor train, arrived in the city this morning and the examinations of the men took up the greater part of the afternoon.

Lieut. Bailey, who with Private Cornack has been in charge of the recruiting station, returned to Columbus today and Lieut. Arthur Wood of the First Infantry Ammunition train arrived in the city at noon.

The following men applied for enlistment since yesterday: J. Clark, 31 Third and Church streets, in the mounted police; R. J. Hett, 28 North Sixth street, as chauffeur; L. H. Body, 10 West Church street as chauffeur; O. C. Gilmore, 21 Wing street as mechanic; A. E. Rugg, 162 Jackson street as chauffeur; W. H. Keller, R. D. No. 8, as chauffeur; H. H. Varner, 329 Clarendon street, as chauffeur; E. Weakley, Second street, as agent; and W. F. Fulkerson, 145 West Main street in the mounted police.

GERMANS START BIG DRIVE ON THE WESTERN FRONT

(Continued from Page 1) only an incidental feature. Given secure possession of it, the Russians have the road to Lemberg well opened up to them and a continuation of their attacks on anything like the scale of the last 10 days seems likely to result in the fall of the Galician capital at no distant date. In capturing Halicz the Russians took more than 30 guns and numerous prisoners. The Russians, according to the Russian war office say, are continuing their advance, pursuing the retreating Austro-German forces.

On the French front in northern France an attack was made by the Germans in the Woerwe district near Flirry. They were ejected from a portion of the trench in which they temporarily gain a footing.

British naval air forces attacked the Turkish-German fleet lying off Constantinople on Monday night and obtained this on the Turkish cruiser Sultan Selim, formerly the German cruiser Goeben and other hostile warships nearby, causing explosions and fires on board.

Today's Russian official statement reveals clearly that the Russians besides menacing Lemberg, also are carrying out a movement embodying a serious threat to the Austro-German front running south through the Carpathians to the Moldavian mountain region.

The advance by the Russian armies on the Bogorodchan-Zolotrin front represents a drive into the Carpathian foothills. Zolotrin (or Solotvina, is 22 miles southwest of Stanislau and the front of the advance mentioned, running northwest to Bogorodchan, is 12 miles in length. Zolotrin is a bare 20 miles from the crest of the Carpathians along the Galician-Hungarian border. The available passes, however, lie chiefly some distance either west or southeast of this line.

Two thousand prisoners were taken by the Russians during the fighting in Galicia yesterday.

40 NEWARK MEN GIVEN APPLICATION BLANKS BY WRIGHT

Mr. Edwin C. Wright said this afternoon that he has given application blanks to at least forty Newark men who need to seek admission to the second officers' training camp at Fort Benj. Harrison. Mr. Wright said he understands that many of those to whom he gave applications have been or are about to be examined by the medical officers. In addition to this number, it is known that others have sent to headquarters for blank applications and it is known that a number of young men are now thinking of filing applications for admission to the big training camp so it seems probable that Newark will be well represented. Applications are to be filed before July 15.

CONVENTION OF FEDERATED CLUBS. Port Clinton, July 11.—The Lakeside Federation of Women's Clubs will hold its 23rd annual convention at Lakeside today and tomorrow, July 11 and 12. The Federation is made up of thirty leading women's clubs of northern and northwestern Ohio. Mrs. Robert Morris of Toledo will address the meeting on memory training for club women; Miss Sarah Barrows of the Ohio State University, will talk on food preservation; E. R. Kelsey of Toledo will deliver a patriotic address and a number of other speakers will be in attendance.

POSTUM HELPS WHERE COFFEE HINDERS! "There's a Reason"

HUSBAND DISAPPEARS WITH THE BANK ROLL

(ASSOCIATED PRESS TELEGRAM) Cleveland, O., July 11.—Mrs. Sarah Frisbie, of Rome, Ashtabula county, Ohio, today asked Cleveland police to locate her husband, Frederick Frisbie, who disappeared June 17, after selling his business in Rome to join her in South Carolina, she says, but has not been seen since. He had the money with him when he left.

GOVERNOR COX WILL ATTEND BIG PICNIC JULY 26TH

Senator J. H. Miller and C. H. Spencer, a committee representing the Newark merchants and the Licking county farmers and whose auspices a big picnic will be held at Mountbuilders park here on Thursday, July 26th, visited Columbus yesterday afternoon and invited Governor Cox to visit Newark on that occasion.

It was known that the pressure of business has caused the governor to make very few out of town engagements during the past few months, and the committee would not have been surprised if he had said it would be impossible for him to come. Owing to the proximity of Newark the governor can visit this city and yet be absent from his office no more than three hours. Appreciating the fact that a large number of people will assemble here July 26th and that it will be comparatively easy for him to come from Columbus by automobile, Governor Cox told the committee that he would be glad to come to Newark and that he would surely be here on July 26th, unless something unforeseen prevents.

Governor Cox will have a message that the people of Licking county will be glad to hear on July 26th.

AMERICAN BOAT REPORTED SUNK

(ASSOCIATED PRESS TELEGRAM) New York, July 11.—The American steamship Kancon, carrying a cargo of 30 men, has been sunk, presumably off the French coast, according to a cablegram received here today by the France and Canada Steamship company, which chartered the vessel. The fate of those on board is not known.

The vessel was valued at \$3,000,000. She carried a cargo of flour and other foodstuffs, together with 4,000 tons of steel, which valued in all \$2,000,000, was consigned to the French government. A majority of her crew were Americans.

The cablegram received here came from the company's agents in Paris. It did not say whether the steamer was torpedoed or where the sinking, on July 9, took place. The vessel was due at a French port on July 8. She left New York on June 28, commanded by Captain E. A. Forsythe.

BUT LITTLE WHEAT HAS BEEN CUT IN LICKING COUNTY

The wet weather has interfered with wheat harvesting in this county as it is almost impossible to get a machine into the wheat fields except where they are on high ground and soil that has been perfectly tilled. But little wheat has been cut although many fields have been ready for a week. Several days of hot weather would witness the cutting of thousands of acres of wheat over Licking county. The crop this year in nearly every instance is a good one and record yields in some localities is predicted.

NEWARK BOYS PASS EXAMINATION FOR THE MOTOR SERVICE

All the Newark men who applied for enlistment in the motor train on Saturday at Zanesville passed the examination which was held in Co-shooton, yesterday. The successful applicants who will enter the service as truck drivers are Fred W. Korzenhorn, Harry W. Shepard, George L. Pieri, Alex Claytor, Henry W. Etnier, Homer G. Glancy, and Earl Lanning.

SWIMMING LESSONS AT Y. M. C. A. BEGIN TOMORROW. Between 30 and 40 boys have signed up at the Y. M. C. A. for free swimming lessons. The class will begin on Thursday at 3 o'clock in the morning. In order that this number may be accommodated the class will be divided. Part of the class will swim on Mondays, Thursdays and Saturdays, and the other group will take their lesson on Tuesdays, Wednesdays and Fridays. No boys will be accepted after the first lesson unless he has a card that has been signed by the proper person. This is necessary on account of the large enrollment.

CONTINUED RAINS DO MUCH DAMAGE. Philadelphia, Pa., July 11.—Nearly four inches of rain has fallen here in the last 24 hours. At an early hour today it was still raining and the prospects were that it would continue throughout the day. Considerable damage through washouts and flooded cellars was caused by the storm. Street car traffic on two lines was abandoned on account of washouts. At midnight the mercury registered 60 degrees, only five degrees above the July low record established here 40 years ago.

SPY SUSPECT

ARRESTED AT TOLEDO HAD AN ADVENTUROUS CAREER PAST FEW MONTHS.

Escaped From Canada by Way of Niagara Falls Bridge—Admits Being German Officer.

(Continued from Page 1.) Toledo, July 11.—Government agents from Cleveland are expected here today to take charge of Baron Enrich Rolf von Gersdorff, spy suspect, arrested last night.

The police say Baron von Gersdorff admitted, this morning, that he made a sensational escape from Canada 18 months ago. He had been arrested in Quebec on a spy charge and was being taken in an automobile to St. Thomas, Ont., a three hour drive. Near the outskirts of St. Thomas, the prisoner, said, he slugged the official who was driving the car, knocked him unconscious, took his badge and revolver and reached the United States by way of the Niagara Falls, N. Y., bridge.

Captain John Washer of the United States secret service, and Special Agent Dewoodie, in charge of the department of justice operations in this district, have been notified of the arrest. Both have headquarters in Cleveland.

Gersdorff, who admits being a former captain in the German army, said he was arrested six weeks ago in Cleveland and two months ago in St. Louis on suspicion of being a spy but he denies that he is a spy.

Let an Eastman Kodak preserve the memories of your vacation. See Haynes Bros. 11-2t

HOLLWEG SAYS NOT CONQUEST BUT DEFENSE

tude conditional on National Liberal assent the success of the movement is threatened. The Radicals, on the other hand, declined to concur in that part of the resolution dealing with internal reforms if this were on condition as the Nationals wished, of Dr. Bethmann-Hollweg's retirement. The whole matter, therefore, is in doubt again. One positive fact elicited by Herr Erzberger's declaration is that he and other members of the main committee of the reichstag did not in the course of attacks on the admiralty and government suggest the abandonment of the submarine program.

Count von Bernstorff, former German ambassador at Washington, is mentioned in the lobby of the reichstag as a candidate to succeed Foreign Minister Zimmermann in case of his retirement. The name of Dr. W. S. Solf, colonial secretary, is also mentioned.

A dispatch from Berlin to the Cologne Gazette, says the retirement of Ministers Holferich and Zimmermann will be gazetted Tuesday.

The Germania, of Berlin, declares that Chancellor von Bethmann-Hollweg in committee accepted the idea of Matthias Erzberger, the Centrist leader, regarding a parliamentary declaration committing Germany to peace on the basis of the chancellor's declaration of August 1, 1914, namely, no annexations. Tagliche Rundschau, on the contrary, is sure that Dr. von Bethmann-Hollweg will retire if the declaration is adopted.

According to the Tageblatt the crown council is reported to have developed an almost irreconcilable difference of opinion between Dr. von Bethmann-Hollweg and the majority of Prussian ministers on questions of internal political reform.

ROY BUKER WAS ELECTROCUTED AT THE KEHOTA MINES

Roy Harold Buker, aged 21 years, son of Mr. and Mrs. Charles M. Buker of 71 1-2 Union street, an employee of the Ohio Light and Power company of this city, was electrocuted yesterday afternoon at 12:45 o'clock, when he came in contact with a high voltage wire while connecting one of the transformers at a substation of the company at the Kehota mines of the company in Perry county.

He was on top of one of the concrete bases when he was shocked and was thrown to the ground, a distance of ten feet. A fellow workman notified the Bradley undertaking parlors in this city and "Big" Stewart, accompanied by Charles Buker, brother of Roy, made a fast run to the mine with a lunger, arriving there fifty minutes after leaving this city, but life had been extinct too long to revive him. The body was removed to the undertaking parlors here. His right arm was charred and his right leg and hip were badly burned. The deceased was born in Newark, May 16, 1896, and was aged 21 years, 1 month and 21 days.

The funeral will be held from the home at 2 o'clock Saturday afternoon. Interment will be made at Cedar Hill cemetery.

GIT TOGETHER MEETING. Cleveland, July 11.—United States Senator Warren G. Harding, former Congressman Ralph D. Cole and Mayor Jerry R. Dixie will be among the speakers at a union meeting of the four railway employees' lodges, to be held here July 24. The meeting is planned as a get-together meeting of the Order of Railroad Conductors, the Brotherhood of Locomotive Engineers, the Brotherhood of Locomotive Firemen and Enginemen and the Brotherhood of Railway Trainmen. A session for members of the order only will be held in the afternoon to talk over matters of mutual interest to the four organizations. The evening session will be open to the public.

REGISTRATION CARDS MISSING FROM MAIL

Los Angeles, Calif., July 11.—Mail bags said to contain more than ten thousand registration cards for the selective draft which were sent from here Friday night directed to the office of Adjutant General J. J. George in Sacramento, had not arrived today, according to the county registrar of voters. The cards should have arrived in Sacramento last Saturday, draft officials say. The matter has been referred to postal authorities here.

CLOSES CONTRACT FOR PICTURES AT LOCAL PLAYHOUSE

Max Geo. M. Penberg Signed Papers Today Agreeing to Pay Paramount Co. Over \$20,000.

George M. Penberg, the progressive managing director of the Auditorium theatre has just arranged for the Arterial and Paramount Pictures for that playhouse for the coming season. The new contract for this service which was made today with J. Maurice Riles, director of publicity for the Paramount company, runs considerably over twenty thousand dollars.

This new contract means that Mary Pickford, Douglas Fairbanks, William S. Hart, Marguerite Clark, Charles Ray, Madame Petrova, Geraldine Farrar, Julian Eltinge, Pauline Frederick, Selma Hayakawa, Wallace Reid, George M. Cogan, and Eddie Burke will appear exclusively at the Auditorium.

When Mr. Penberg closed this contract, it meant the largest single contract for pictures ever put over in Newark. "I am glad that we have been able to secure the greatest pictures, with the most popular stars and greatest directors obtainable for our Newark patrons," chorled Mr. Penberg when he told the scribe for the Advocate of his big deal.

ENROLL FOR TRIP TO WASHINGTON.

Columbus, July 11.—Ten thousand Ohio boys and girls have enrolled in this year's agricultural and home economic competition for the 50¢ free trips to Washington. It is announced by the State Board of Agriculture. Enrollment is double that of last year. The trip is to be made the first week in December.

SHOW BOAT SUNK.

Gallipolis, O., July 11.—The large show boat, "Wonderland", sprang a leak at Portland, several miles above here and sank last night. The company and the crew on the boat reached shore safely.

You Pay actual CASH for PREMIUMS THE cost of a cheap, inferior, chaff-loaded coffee, plus a premium, is the identical price at which Golden Sun Coffee sells without a premium. Use the one and you get a real, worthwhile premium and flat, bitter, nasty coffee, but use Golden Sun—and while you get no premium, you do get a coffee that will be strong, full-bodied, rich, of exquisite flavor and superb aroma. Its use is an economy, for cut by special process, Golden Sun is chaffless. Sold by grocers only. THE WOOLSON SPICE CO. Toledo, Ohio Golden Sun Coffee

TERROR

REIGNS IN NORTHERN IDAHO AND WAR SECRETARY INFORMED TROOPS NEEDED.

Must Curb Activities of Industrial Workers of the World for State's Protection.

(ASSOCIATED PRESS TELEGRAM) Boise, Idaho, July 11.—That a reign of terror exists today in northern Idaho and that 2000 troops are needed to curb the activities of the Industrial Workers of the World, is the report made to Secretary of War Baker by the state council of defense, according to former Governor Frank R. Gooding, member of the council.

"Industrial Workers of the World are spreading all over the state," said the former governor, "and it is time for all sections of Idaho, both north and south, to form citizens bodies for the protection of their lives and property."

"Two thousand troops are needed today in northern Idaho to cope with the gigantic fight being put up by the I. W. W. to prevent the United States from getting two billion feet of lumber necessary to carry on its war program."

HAVE NOT ANNOUNCED THE DATE OF DRAWING.

(ASSOCIATED PRESS TELEGRAM) Washington, July 11.—Members of the House and Senate military committees will witness the drawing to select men for the national war army. Secretary Baker said today that he or some other official of the war department, and not President Wilson, as has been suggested, would make the drawing. The secretary lunched at the White House today and is understood to have discussed arrangements for the draft, with the President. No date will be announced until all exemption boards have been organized. Officials hope this may be by the end of this week.

To clear up misunderstanding, Provost Marshal General Crowder issued a statement today explaining that under the regulations for the draft a claim for exemption may be filed not only by the registered person himself but by members of his family or any third party with knowledge of the facts in his case.

Mother Why Don't You Take Nuxated Iron

And Be Strong and Well and Have Nice Rosy Cheeks Instead of Being Nervous and Irritable All The Time and Looking So Haggard and Old?—The Doctor Gave Some to Susie Smith's Mother and She Was Worse Off Than You Are and Now She Looks Just Fine.

NUXATED IRON WILL INCREASE THE STRENGTH AND ENDURANCE OF WEAK, NERVOUS, CAREWORN, HAGGARD-LOOKING WOMEN 100 PER CENT IN TWO WEEKS' TIME IN MANY INSTANCES.

THE CHILD'S APPEAL

"There can be no Beautiful, Healthy Rosy Cheeked women without Iron."

F. KING, M. D.

"There can be no healthy, beautiful, rosy cheeked women without iron," says Dr. Ferdinand King, New York Physician and Medical Author. "In my recent talks to the physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—nuxated iron—for their nervous, run-down, weak, haggard looking women patients. 'Pallor means anemia.' The skin of the anemic woman is pale, the flesh flabby, the muscles flabby, the brain lacks tone and the memory fails, and often they become weak, nervous, irritable, dependent and melancholy. When the iron goes from the blood of women, the result is from their cheeks."

"In the most common forms of anemia, the 'aches, pains, tiredness, nervousness, palpitations, headache, vertigo, dizziness, indigestion, flatulence, constipation, nervousness, depression, despondency, and melancholy' are the result of iron deficiency. The blood is thin and watery, and the body is weak and run-down. The iron deficiency is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron."

saved who now die every year from pneumonia, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood.

On account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking. Just like a plant trying to grow in a soil deficient in iron. If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. I have seen dozens of nervous, run-down people who were using all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles, in from ten to fourteen days' time simply by taking iron in the proper form. And this after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or chloride of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children, is also not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you any good, otherwise it may prove worse than useless.

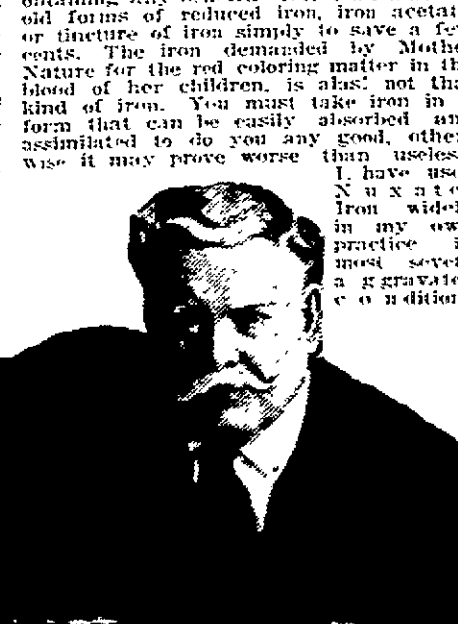

I have used Nuxated Iron in my own practice in most severe cases of anemia, a aggravated condition.

Dr. Schuler of Jackson, Visiting Surgeon of St. Elizabeth's Hospital, New York City said, "I have never before seen out any medical information or advice for publication as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant physical weakness, nervous irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc., and in consequence of their weakened run-down condition they are so liable to contract serious and even fatal diseases, I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE: Nuxated Iron, which is prescribed and recommended above by physicians in such a great variety of cases, is not a potent medicine or even remedy, but one which is well known to druggists and whose iron constituents are a easily assimilated, does not injure the teeth, make them decay nor upset the stomach; on the contrary, it is a most potent remedy in nearly all forms of indigestion, such as for nervous, run down conditions. The manufacturers have such great confidence in Nuxated Iron, that they offer \$100 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent, or over in four weeks' time. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed by Wm. A. Brown, Evans' Cut Rate Drug Store and all good druggists.—Advertisement.

You can tell the women with plenty of iron in their blood—beautiful healthy rosy cheeked women full of Life, Vim and Vitality

Dr. Ferdinand King, New York Physician and Medical Author, tells physicians that they should prescribe more organic iron—Nuxated Iron—for their patients—Says anemia—iron deficiency—is the greatest curse to the health, strength, vitality and beauty of the modern American Woman.—Sounds warning against use of metallic iron which may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

IDAHO WOMAN MADE WELL

Lydia E. Pinkham's Vegetable Compound Did the Work. Nothing like it.

Aberdeen, Idaho.—"Last year I suffered from a weakness with pains in my side and back. A friend asked me to try Lydia E. Pinkham's Vegetable Compound and I did so. After taking one bottle I felt very much better. I have now taken three bottles and feel like a different woman. Lydia E. Pinkham's Vegetable Compound is the best medicine I have ever taken, and I can recommend it to all suffering women."—Mrs. PERCY PRESTIDGE, Aberdeen, Idaho.

Women who suffer from those distressing ills peculiar to their sex should be convinced by the many genuine and truthful testimonials we are constantly publishing in the newspapers of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health. To know whether Lydia E. Pinkham's Vegetable Compound will help you, try it! For advice write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass. Your letter will be opened, read and answered by a woman who holds in strict confidence.

BRIDGE WORKER STEADY ON JOB

Ohio Electric Employee Says He Feels Like Different Man.

"I go out on the bridges and trestles of the Ohio Electric railway now feeling like a new man," said Edward Koozler, Box 47, Hebron, in telling about Taglac. Mr. Koozler has been employed by the Ohio Electric for four years and is well known all along the line.

"Before I started taking Taglac," he continued, "my stomach gave me a lot of trouble. My food didn't agree with me, and after meals I would vomit and belch. I often had headaches. At night I was so nervous I couldn't sleep soundly. I got up with that draggy, worn-out feeling, and it stayed with me all day long. I was troubled with dizzy spells, too.

"Since I have been taking Taglac, however, my stomach has stopped troubling me, and my food agrees with me. I don't have that bloated feeling any more, and that listlessness has disappeared. I sleep soundly and get up ready and willing to tackle my day's work. I believe Taglac is a great medicine for the stomach. It certainly made me feel a lot better."

Taglac is a vegetable tonic made of roots, barks and berries and is especially designed to build up run down people. If you are not feeling right get a bottle today.

Taglac may be obtained in Newark at Erman's Arcade Drug Store; in Hebron at Hebron Drug Co.; in Alexandria at C. M. Gilmore's; in Pataskala at J. R. Strine's; in Granville at W. P. Ullman's.

A SAFE, EASY WAY TO CURE ULCERS

No matter how bad a sore or ulcer afflicts you, it is believed that Hokara, the pure skin healer, will cure it, but if it doesn't cure, the purchase price will be refunded. Evans' Cut Rate Drug Store, the local agents for Hokara, who have sold hundreds of packages, say they have yet to find any form of wound or disease affecting the skin that Hokara does not heal, and its relief comes so quickly that those who try it are simply delighted with it. Pimples, eczema, blackheads, acne, barber's itch, and all skin troubles are quickly relieved by applying this simple skin healer and tissue builder. It contains no grease or acids, and is cleanly to use. Evans' Cut Rate Drug Store is selling a large package of Hokara for 35c.—Advertisement.

S. O. S.

MESSAGE FLASHED TO SUFFERING THOUSANDS.

VERY OPTIMISTIC IS MR. SHEDD OVER BUSINESS OUTLOOK

Chicago, July 11.—John G. Shedd, President of Marshall Field & Company, is very optimistic over the business outlook. Mr. Shedd states very clearly what women can do to aid business to turn over their manpower for Government service. In an interview today, he said:

"War expenditures in this country by our own government and by the allies will release a huge volume of money. This money will go in the main to wage-earners, many of whom have not been in the habit of possessing such wealth before, and this money will be spent. This will greatly stimulate retail selling, although retail merchants may be hampered to a more or less extent not only in securing merchandise but in the necessary readjustments which will be involved in the turning over of men to the government.

"Women can do much right now to relieve the strain of conditions confronting retail merchants and obviate the necessity of the government passing stringent laws that will vitally affect the many privileges extended by retail distributors. One of the most necessary and immediate steps that women should take is to discontinue the extravagant and wasteful habit of having merchandise sent home and then returning it. They should make their selections in the store, carry their merchandise home, if possible, and, unless the merchandise is damaged, it should be kept, not returned. They should bring their children to the stores instead of having the goods sent to the children.

"The adoption of this plan by every woman throughout the country would effect great economies for all distributors, enabling them to release a large number of men at once, and would not make necessary drastic government laws or the forcing of retailers to make extra charges for the service of deliveries and calls for returned goods.

"Prices of all merchandise have already made heavy advances, and it is not at all unlikely that they will even go higher, and largely for the same reasons that made the heavy advances in England and France. Labor will be more fully employed, however, and at high wages, so that I believe that this country is entering upon a period of prosperity that has not yet been equaled."

Marshall Field's business from January first to June 30, 1917, exceeded any like period in the history of their company. This also applied to the month of June by itself.

ASSAULTED THE GIRL BECAUSE SHE WOULD NOT ENTER CABARET.

Zanesville, O., July 11.—The police were looking Tuesday for Joseph Johns, who is alleged to have struck and abused a girl in the alley near the Inn hotel because the girl refused to enter the cabaret with him. The girl could not be located after the trouble but is thought to have come from Newark. Johns was formerly a bartender here but has been working at Newark. The police may be able to identify the girl by a small black notebook which she lost during the scuffle.

INCREASED MILEAGE.

Increase the mileage of your worn out tires by having them rebuilt. Many auto owners are taking advantage of having their tires rebuilt and thereby saving their money. You can have your tires rebuilt at a small cost by S. M. Wolfe, 59 Hudson avenue, and they will give you hundreds of miles of travel. Save your tires and send or bring them in and we will rebuild them for you or we will buy them. You can easily increase the mileage of your tires by having them rebuilt here. Many are doing it now. Come in and investigate, it won't cost you anything. 11-11

LONG RUN

The annual Sunday school picnic will be held at Rain Rock the third Saturday night, August.

There will be an ice cream festival here the last Saturday night in July.

This community was greatly shocked to hear of the death of Mrs. John Frost, who died Saturday evening. Funeral services were held at Fallsburg, Tuesday.

Mr. and Mrs. J. L. Edwards and children Grace, Mary and Beatrice spent Sunday with M. J. Myers and family.

Mrs. J. W. Nethers of Newark spent over Sunday at the home of T. T. Gault. Mrs. Gault is very poorly at present.

Ell Crawford and brother Robert visited relatives at St. Louisville Saturday and Sunday.

Mr. and Mrs. O. V. Danielson and family spent Saturday evening at the home of J. L. Edwards.

Mr. and Mrs. Henry Hillery and son Gerald took dinner with Mr. and Mrs. Gary Patton of Smith Chapel, Sunday.

Mr. and Mrs. J. M. Baker and children Blanch, Paul and Charles, called on Mr. Stephen Bevard and family Sunday.

Misses Eva Thompson, Mary and Ethel Baker were guests of Mabel Edwards, Sunday.

Henry Myers of Croton is visiting his son, M. J. Myers and family.

Mr. and Mrs. Charles Nesbit and son Earl and Mr. A. J. McMillin took dinner with Mr. and Mrs. Foster Edwards Sunday.

KNOWLEDGE.

Have you selected the necessary books to take on your vacation? There will be many minutes when you can spend the time in reading some of the wonderful books of fiction or if you desire you can increase your knowledge by some of the books of instruction that you can get at Edmonson's Book Store. Here you can get almost any kind of book you may desire and the cost will not be much. We have studied the needs of the readers of Newark and know just the kind of books that will please you. Come in and let us help you make your selection. 11-11

State News

Ashtabula—Joe O'Brien, aged 30, was shot and fatally wounded in a local saloon. The bullet was intended for another man. The man who did the shooting escaped.

Galion—Charges of neglect of duty against Police Chief C. D. Ribbet were not substantiated and he will continue in his office, Mayor Diehl has announced.

Postoria—Assistance in raising money to complete capitalization at \$100,000 has been promised by the Chamber of Commerce here to the Postoria Glass Novelty Company. Eighty-five thousand dollars of this amount has been subscribed.

Dayton—Clarence A. Conover, aged 32, paymaster at the Aetna Paper company's plant, who was shot by a negro bandit Monday afternoon, died yesterday.

Dayton—Thomas Davis, an eight-year-old lad, was drowned in the canal near his home at West Carrollton yesterday.

Painesville—Kenneth B. Ward, who was ousted from the city manager's position following a political shakeup, has been chosen head of the Durham, N. C., street engineering department at a salary of \$4,500.

WERE PLEASED WITH VISIT OF "LIVEWIRES"

Editor Steele of the Perry County Star was a Chamber of Commerce visitor Tuesday. His newspaper the coming week will carry a news story advertising the Farmers and Merchants picnic at the Licking County Fair Grounds, July 26.

Mr. Steele stated that the people of Junction City were greatly pleased with the visit of the Chamber of Commerce "liverwires" to that place recently, when more cordial relations were built up and promises of mutual co-operation were made. Junction City, with its paved streets and its new industries, is one of the most progressive towns along the Shawnee division of the B. & O. Ry.

The Perry County Star this week carried a three-quarter column story of the visit and in conclusion said: "As a result of the visit of the Newarkers, Junction City people feel more kindly toward the city of Newark which is one of the most progressive cities of its size in the state. The latchstring to Junction City will always be hanging out for their return."

A special invitation was given to Perry county folks to attend the third annual Farmers and Merchants picnic to be held at Mountbuilders Park, July 26, and the Licking County Fair, September 11-14.

NEWARK WOMEN BEHIND HOOVER

The first meeting of the Woman's Committee of the National Council of Defense was held on Tuesday afternoon at the home of Mrs. W. H. Davis in Hudson avenue. The chairman of the local committee is Mrs. Henry Fieck.

It is the object of the committee to have representatives from the various clubs and organizations throughout the city work with this committee and any of these organizations which have not been notified will receive notice at once.

The slogan of the committee is "We are behind Hoover" and it stands ready to endeavor to meet any emergency which may arise during the period of the war.

LARGER BILLS.

Every day you put off having your roofing or spouting repaired, means that you will have just a little larger bill to pay the repair-man. We don't object, of course we would much prefer putting on a new spouting or roof, but for the sake of saving your money NOW why not let us fix your roof or spouting. You know we can do a better job when the sun shines than when it is raining. Call 1524 auto phone and have J. D. Keely do that repairing now. It is not too late to have a BOOM-ER furnace installed either. Better see him now. 11-11

JOHNSTOWN R. D. 4.

Mr. and Mrs. R. C. Dixon made a business trip to Johnstown Saturday.

Mr. and Mrs. F. P. Belt called on James Crofingier and family Sunday.

Mr. and Mrs. H. W. Powers attended church at St. Louisville Sunday.

Loxan Barrick and family spent Friday with Mr. and Mrs. James Crofingier.

Mr. and Mrs. Marion Powers called on William Barrick and family Sunday afternoon.

F. P. Belt made a business trip to Newark Thursday.

Misses Mary Purdy of Newark and Ethel Claggett of Black Hawk spent from Sunday until Tuesday with Mr. and Mrs. H. W. Powers.

William Barrick made a business trip to Johnstown Saturday.

Mr. and Mrs. F. P. Belt called on Mr. and Mrs. John Keckley Sunday afternoon.

M. D. Powers made a business trip to Utica Monday.

BAPTIST ASSEMBLY AND CHAUTAUQUA TO BE HELD ON CAMPUS

[Special to The Advocate]

Granville, O., July 11.—The Baptist Assembly and Granville Chautauqua to be held on Denison University Campus August 2-12 will bring to Granville some of the most noted lecturers and concert companies in the country. Realizing the importance of the farmers' work, arrangements have been made for an address on Wednesday afternoon, August 8th, by Hon. L. J. Taber, Master of the Ohio State Grange. Every Grange in Licking county is invited.

The State W. C. T. U. is also co-operating by sending its vice-president, Mrs. Frances Fuller for an address on Temperance Day, August 4th, when there will be a great afternoon program in charge of Mrs. Lucy Van Kirk, editor of the Ohio Messenger. Every W. C. T. U. organization in the county is invited. Admittance free to this program.

On Monday afternoon, August 6, the doors will open wide to every patriotic organization in the county. Old soldiers and all their friends will be royally entertained. Judge Joseph W. O'Neal comes from Columbus to give the address on that occasion. No admittance fee on that afternoon.

Everyday there will be a full morning program of lectures and conferences on various phases of church work.

A unique feature will be the Vacation School for girls and boys from 4 to 15 years of age. Rev. R. S. Carman of Fairport, N. Y., and a staff of able helpers will be in charge of this work which will be full of interest to all the young people from nine o'clock until eleven-thirty each day.

At the business meeting of the A. E. F. W. on Tuesday the president, Mrs. Biggs, read a personal letter from the president of the Paris headquarters warmly commending the work of the Granville committee and thanking the women for their generosity and the unfailing regularity of their shipments. Also a letter from the same source written to Mrs. McKenzie of Columbus and forwarded to Mrs. Biggs, disclosing more personal and intimate conditions existing beyond seas. Conditions almost beyond comprehension by Americans. Personal letters of thanks written in French were translated and read by Mrs. Darrow. Contributions received were numerous; home work sent in was up to the average and cash donations for the day totaled over \$9, while the silver offering for Miss Jones and Miss Rees' garden party amounted to \$12.00.

Miss M. E. Penney has been the guest of Newark friends today.

Mrs. J. D. Thompson has invited the women of her neighborhood—all residing on the same block—to an all-day sewing bee to be held at her home in West Broadway. Mrs. Thompson is the efficient head of the needwork committee of the A. E. F. W. and this meeting will speed up the work, already so satisfactory to meet some of the fresh demands caused by workers at headquarters, from the front.

Mrs. F. F. Robinson has invited the "Three M's and L's" sewing society to meet at her home on Thursday afternoon of this week.

Harold Kier 16, sergeant of Battery D, the famous Dayton unit, is spending the time pending his call to camp, with his parents, Mr. and Mrs. T. M. Kier in Centerville street.

The W. C. T. U., another of the women's organizations which never takes a vacation, is to hold its annual mid-summer program at the Licking County Infirmary on Friday afternoon. Members desiring to attend will find means of conveyance at the Methodist church at 2 o'clock on a large attendance is hoped for.

Don McCullum of Chicago, who has been visiting his parents, Mr. and Mrs. E. R. McCullum on the Newark road, expects to be called to camp in a few days.

Mrs. J. C. Campbell entertained the Winter Picnic club of twenty-five members at luncheon on Tuesday at her home on the Lancaster road. Bryn Mawr the summer home of the Campbell family and once designated as the "Dunberry Place," has been transformed into one of the most beautiful homes and fertile farms in the country, and an enjoyable time was passed by the guests.

NOTICE TO SCHOOL GARDENERS.

Photographs of the various community gardens in the city will be taken Thursday afternoon, July 12. All children having contest gardens are urged to bring hoe and rake and appear on their respective plots at the proper time. A special invitation is extended to all interested in the children's gardens to visit these plots on that afternoon. The photographer will be at the various gardens at approximately the time stated below:

Hudson avenue plots, 2 p. m.
Woodside plot, 2:30 p. m.
Church and Linden plot, 2:45 p. m.
Grant and Williams plot, 3:15 p. m.
Hartsler plot, 3:30 p. m.
Gay street plot, 4:00 p. m.

HONOR IS GIVEN

A NEWARK MAN.

Mr. Pantilion Chima has returned from Cincinnati, where he attended the National Convention of the Roumanian Red Cross. This society has as its object, not only the Red Cross work in the country of Roumania, but also directs its activities toward all lines of National benefit. By unanimous vote of the entire convention, Mr. Chima was elected treasurer-general for the entire United States which office, previous to this time, has been occupied for some years by Domnu (Mr. C. R. Pasaru of Cleveland, O., editor-in-chief of the national Roumanian newspaper "America."

Specials—Just Out!

THE big patriotic hits of the day; splendid new renditions of the anthems of our Nation; the songs and dances that everyone wants now are sure to be found on Columbia Records.

Here are the latest—and they are so timely and so good that you are sure to want them.

"The Man Behind the Hammer"—Song

Columbia Record A2271, 75c

A song with a splendid, rousing march rhythm that's a trumpet-call to the "man behind the hammer and the plow" to serve his country in the shops and in the fields. It's a song with a tune that you can't forget—a song so truly big it's simply bound to be one of the real war-time songs of the Nation. And "Strike Up the Band," on the other side, also sung by the fine big baritone of Del Sarto, is another song with a splendid march-time swing.

"The Man Behind the Hammer"—Dance

Columbia Record A5973, \$1.25

A lively tune, a catchy melody—here's a one-step that ought to be the most popular dance of the evening, once you play it! And there are bell passages and rattling "drum effects," thrown in for good measure that will tingle the toes of every one-stepper! On the other side is "Hy-Sine," another one-step, with cocks crowing and other novel effects.

"The Star Spangled Banner—America"

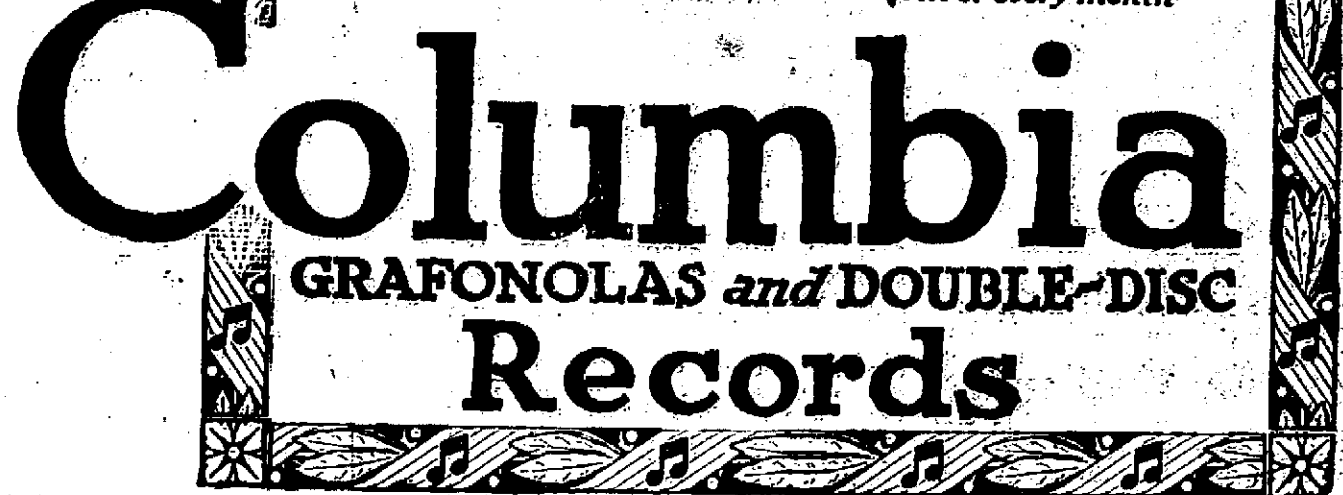

Columbia Record A5977, \$1.50

You've heard bands and orchestras play it—now imagine one of the world's greatest ensembles, the Chicago Symphony Orchestra, playing "The Star-Spangled Banner" and "America"! There's a power, a thrilling grandeur about it, that will bring you to your feet with the first stirring measures. The reverse has the "American Patrol," also played by the Chicago Symphony, and it's better than you ever heard it before!

You can't beat the records with the "music-note" trademark! Hear these and the other fine patriotic records just put out by the Columbia Company, and prove it to yourself now, once for all!

Don't forget—you are in for a real treat if you ask your dealer to play them today.

New Columbia Records on sale the 20th of every month.

A large bottle at T. J. Evans for only fifty cents, and it is guaranteed to be the finest sort of remedy at all times for indigestion, acid stomach, biliousness, constipation, and sluggish liver, kidney troubles and malaria. It drives uric acid from the system, makes the blood pure and pure blood means health.

Your money back on the first bottle purchased from T. J. Evans if you are not satisfied. (Advt.)

Don't judge by appearances. Many a man whose shoes are all run down is well heeled.

No Drudgery Here

No toiling in a stifling-hot kitchen when you have a New Perfection. No coal—no wood to carry—no smoke—no ashes. Just clean, even, odorless heat that goes where it belongs—into the cooking. Look for the reversible glass reservoir—another New Perfection feature.

For best results use Rayolight Oil.

Entered as second class matter March 10, 1922, at the postoffice at Newark, Ohio, under the Act of March 4, 1879.

DROWNING ACCIDENTS.

It is queer how public sentiment will overlook great losses of life that happen in a regular way. A few years ago there was a terrible stir because a score or two of young men were killed annually at football. But every summer between 5,000 to 6,000 are drowned, and no one gets excited about it.

The careless way in which many people who don't know anything about the water will act in boats and canoes is amazing. They come from inland places where there is not much water, yet they like to astonish the natives at the summer resorts with their incontinent skill and daring. They undertake to sail boats with no conception of the enormous leverage given by a high sail, and the ease with which sail boats topple over. An illiterate sea captain watching their motions once remarked, "Them that know nothin' fear nothin'."

They go out in row boats and change places as nonchalantly as if on a dancing floor. By and by they fall in, and all they can do is to yell for help.

In the cities tanks are becoming common, and chances to learn swimming are multiplied. Often the most accidents occur in country towns where there is every chance to learn swimming, but where no one supervises the learners. Some parents turn their boys loose without oversight to learn among their mates. Usually they come through all right, but often they don't. Others go to the opposite extreme, and a boy is told not to go near the water until he can swim. Some day he breaks loose, gets into a canoe, and never comes back.

Swimming can easily be taught. In many places volunteers could be secured to give lessons to the children of a neighborhood. Consider the great loss of life. It is a thing for parents to consider more carefully. Those who find no good opportunities to learn at home commonly get chances while they are on summer vacations. The Newark Y. M. C. A. is now making a specialty of teaching boys to swim. The instruction being given at the Y. M. C. A. pool. Every boy and also every girl should learn to swim.

ALL FOR AMERICA.

We notice that the Vigilantes have set off a mine under George Sylvester Viereck. That ought to do the trick. The Vigilantes quote a quantity of seditious matter from Viereck's so-called "American Weekly," but there is one choice bit they might have quoted, but didn't.

It is this:

"They (the German-Americans) are willing to give 'all for America.' They are unwilling to give a farthing for England."

Against that piece of cheap anglophobia we should like to set this paragraph from Colonel Roosevelt's Fourth of July speech:

"Any man who now announces that although he favors the United States against Germany, yet he favors Germany against England, is a traitor to America. There can be no half-and-half attitude in this war, and no honorable man can afford to take such an attitude. We are now bound by every consideration of loyalty and good faith to our allies, and any opposition to them or any aid given to their enemy is as dishonorable as regards our allies and treasonable as regards our own country."

We doubt very much whether any German-Americans who are unwilling to give a farthing for one of our allies can be trusted to give "all for America."

Daily History Class—July 11.

1700—British army led by Marlborough defeated the French at Oudenarde, Flanders.

1774—Sir William Johnson, famous New York pioneer and Indian manager, died; born 1715.

1804—Alexander Hamilton killed in a duel by Aaron Burr; born 1757.

1904—Four Russian cruisers repulsed by the Japanese fleet while attempting to steal out of Port Arthur.

1910—British attack on the Somme covered a front of eight miles.

ASTRONOMICAL EVENTS.

The bright star near the horizon due south is Spica. A line drawn from Spica to the point overhead in the evening would touch Arcturus.

Read Advocate Want Ads Tonight.

It costs the railroads a lot of money to provide their bulky timetables, which the public finds convenient to wipe cinders off the seat with.

TO SAVE DROWNING PERSON

(Columbus Citizen.)

Drowning is preventable. Accidents in the water are bound to occur occasionally but prompt action on the part of rescue parties will often save life.

Don't waste time in making a careful search to see if the heart is still beating when a person is dragged from the water in an unconscious condition. If the heart has stopped the person is probably dead, but the time required to prove this may prove fatal.

Start at once to set up artificial respiration. Clear the victim's mouth of any obstruction and place the body face downward with the head inclined to one side, elevating the lower part of the body so as to expel as much water as possible from the stomach and air passages.

Kneel over the victim's hips and place the palms of the hands on the victim's lower ribs, with the thumbs nearly touching in the center of the back, the fingers extended well over the sides of the ribs.

Then, while leaning well over the prone figure, throw your weight on the body and press the abdomen to the ground, thus expelling the air from the chest. Next draw your body back sharply, removing pressure from the ribs but not removing the hands. This draws the air into the lungs.

Keep up these movements alternately, timing the act by your own breathing so that it will be done about 15 times to the minute. Don't give up, for life may be restored after long periods of immersion, sometimes several hours.

THE FIRST BATTLE.

(New York Times.)

This is a glorious Fourth. The American navy has inaugurated the war between Germany and the United States by two battles—both victories. The sea wolves that have been battering on merchant vessels were called home, and then launched in force against real foes, no longer against peaceful sailors and passengers, but against Yankee gunners who could hit back; and they went back, bleeding and beaten, without having struck one blow. Nineteen years ago Dewey began the Spanish war with a victory in which the enemy suffered loss, but in which not one Yankee tar died; and Sims, of the destroyer squadron, and Gleaves, of the high seas convoy, have begun this war with identically the same record, fighting not against gallant but inept Spanish seamen, but against Tirpitz's best.

Sims and the high seas commander have added a new and imperishable glory to the navy in this, the first American battle of the war. Farragut damned the torpedoes; so did they, and lashed the sea wolves back. There have been other Fourth of July messages like this; Sampson sent one 19 years ago from where Corvera's beached and burning squadron lay; Grant sent one from Vicksburg 54 years ago. But the message Secretary Daniels gives the people on this Fourth of July is not at the end or in the middle of a way, but at its beginning. This is the way we begin!

Spirit of the Press

Pershing's Alsatian Ancestry.

Genealogists have busied themselves to determine just who Gen. Pershing happens to be in an ancestral-descent way. And the result is the usual "truth that is stranger than fiction." For it is established, seemingly without any doubt, that he is the descendant of a Frederick Pershing who, with his brother John, came to this country from Alsace, France, in 1749. And so the thread of romance spins about "Black Jack" Pershing, for, at the head of our army, he has gone back to the cradle of his race, back to fight for the Alsace that was the home of his progenitors. It is as if the mother country had called through the corridors of time, and the far-off son heard the summons.—Memphis Commercial Appeal.

The First of Millions.

The landing of American Regulars in France is an event of transcending importance and transforming effect for the world over. Never mind their numbers, allow for explosive and easily exploded exaggerations about their "seasoned" condition, multiply several times the tentative dates which the cocksureness of optimism fixes for their arrival in the trenches. They are there on French soil at last. From the Texas border to the shores of France is a long and, in these days, a dangerous journey, but the Regulars and the raw recruits, the few regiments that have completed the long and arduous journey, have arrived safely across the Atlantic, are alike today the pride of America and the hope of America's Allies. Whether Maj. Gen. Sibert's command is to be followed by 1,000,000 or 5,000,000 within the next three years will depend upon the strength left in the enemy.—Boston Transcript.

American War Plans.

American aeronautical experts are planning to build war airplanes of a new type, which is approved of by no less an authority than Orville Wright. The American officers believe that the European belligerents have made a mistake in constructing their fighting machines so that all other features are sacrificed to speed. The very fast scouting planes are vulnerable, and many of them are "crashed" by comparatively slight hits. The new American machine would be stronger, with heavier protective armor, and would carry more powerful machine guns. No doubt the War Department will refrain from giving its unreserved approval to this kind of airplane until European aviators have been consulted. It is a question if one of the proposed slowcoaches could hold its own against a fast-climbing machine capable of keeping out of the line of fire, and able to fire its guns from all positions and angles.—Rochester Democrat and Chronicle.

HOW THE RED CROSS CARES FOR THE FAMILIES OF AMERICA'S DEFENDERS

By W. FRANK PERKINS,
Director-General Civilian Relief,
American Red Cross.

When the National Guard was mobilized last summer a young doctor left a wife and two small children to go with the Hospital Corps of his regiment to the Mexican border. Within ten days after he departed his little family was penniless. They had no near relatives on whom they could call. Here was a college graduate, a capable professional man of good social standing, who saw his family left destitute because he answered unquestioningly the call of his country.

This is only one of a class of cases that is multiplying by the hundreds and thousands throughout the country since the United States entered the great war.

The average family of the enlisted man in the United States army and navy belongs to that class which is largely dependent on the regular earnings of its men, husbands, fathers, and older sons. It is made up of self-sustaining and self-respecting. Their margin of economic safety is often slight.

To carry on the work of caring for the families of those engaged in defending their country the Red Cross will exercise great care in selecting the personnel of the workers. It is evidently impossible to engage a sufficiently large staff of trained workers to deal with the problems facing us. Even if possible, it would not be desirable to exclude willing and capable volunteers. It is possible, however, to exercise care in selecting these volunteers and to provide systematic training before they begin their work. At least one trained social worker should be employed, not necessarily on salary, though that is usually an excellent investment. Through cooperation with schools of philanthropy in large cities, systematic courses of instruction are offered to volunteer workers.

The Department of Civilian Relief of the New York County Chapter, for example, has a well-trained corps of 68 volunteers. The paid members of their staff now are the executive secretary and a stenographer. Since their work opened on April 6th their average roster is to about one hundred and fifty families.

These local staffs include, besides visitors, doctors, dietitians, lawyers, teachers, business advisors, and other professional assistants who are on call for free service at all times.

In order that the enlisted men may know of the means provided for the care of their families during their absence, the New York County Chapter has sent a circular letter through regimental headquarters to all the men as they enlist. The great majority of soldiers seek advice as to the best arrangements for the comfort of those left at home, or the simple request—that the Civilian Relief Committee keep an eye on the home that the father or brother or son may go away assured that whatever happens to him his loved ones will be in the hands of helpful friends.

One man, an American, who wrote English only, had an Hungarian wife who read and wrote only her native tongue. He merely asked that the Civilian Relief Committee act as a medium of communication between himself and her while he was away. Another father said his family was self-sufficient, but that he had a crippled child which needed medical attention. The committee physician found that the child was suffering from the after-effects of infantile paralysis, and merely needed physical exercise. A tricycle was bought for the little one, and that was all the material aid the family needed.

Families are found who need regular financial aid. This is granted with careful regard for conditions, in a way to promote self-help as well as to avoid privation and anxiety.

The work of the Department of Civilian Relief has only just begun. When our big new army is actually mobilized it may be increased a hundred-fold. Its success, of course, will be determined by the amount of service and money the public is willing to give for this purpose.

Pointed Paragraphs

Springfield may set its clocks an hour ahead in a daylight-saving movement, but the railroad train schedules will stick to the old-fashioned time. In other words, the trains that are ordinarily an hour or more late now will be an hour or more late again when the daylight-saving plan is adopted.—Springfield Union.

The use of air bombs by the Germans in the recent raid shows that they are determined to defend themselves against the women and children of England at all hazards.—Topeka Capital.

Readers' Viewpoint

Streets.

Editor of the Advocate:—A street like a person is known by the company it keeps. It should keep good company, such as smooth, clean sidewalks, a well-paved drive-way, the grass plots and lawns about it. The grass should be shaved about once a week. If the lawns wear white spots (hedges) they should be trimmed constantly which adds to the appearance greatly. If the lawns of the houses are large enough, they should wear at least one living bouquet and the landscape gardeners, all as that shrubs should be planted in clumps.

The faces of the buildings should be kept well painted and their feet (cellars) should not be unpleasant odor. The general appearance of a street indicates the spirit of its citizens as well as the government of the city.

The World War a Year Ago Today—July 11.

Russians checked on the Stokhod in their advance against Kovel.

British attack on the Somme covered eight mile front, including La Boisselle, Contalmaison, Wood of Mametz and Trones woods.

Germans re-enforced on Stokhod river by troops from the Balkans.

Austrian line in Trentino re-enforced from the east front.

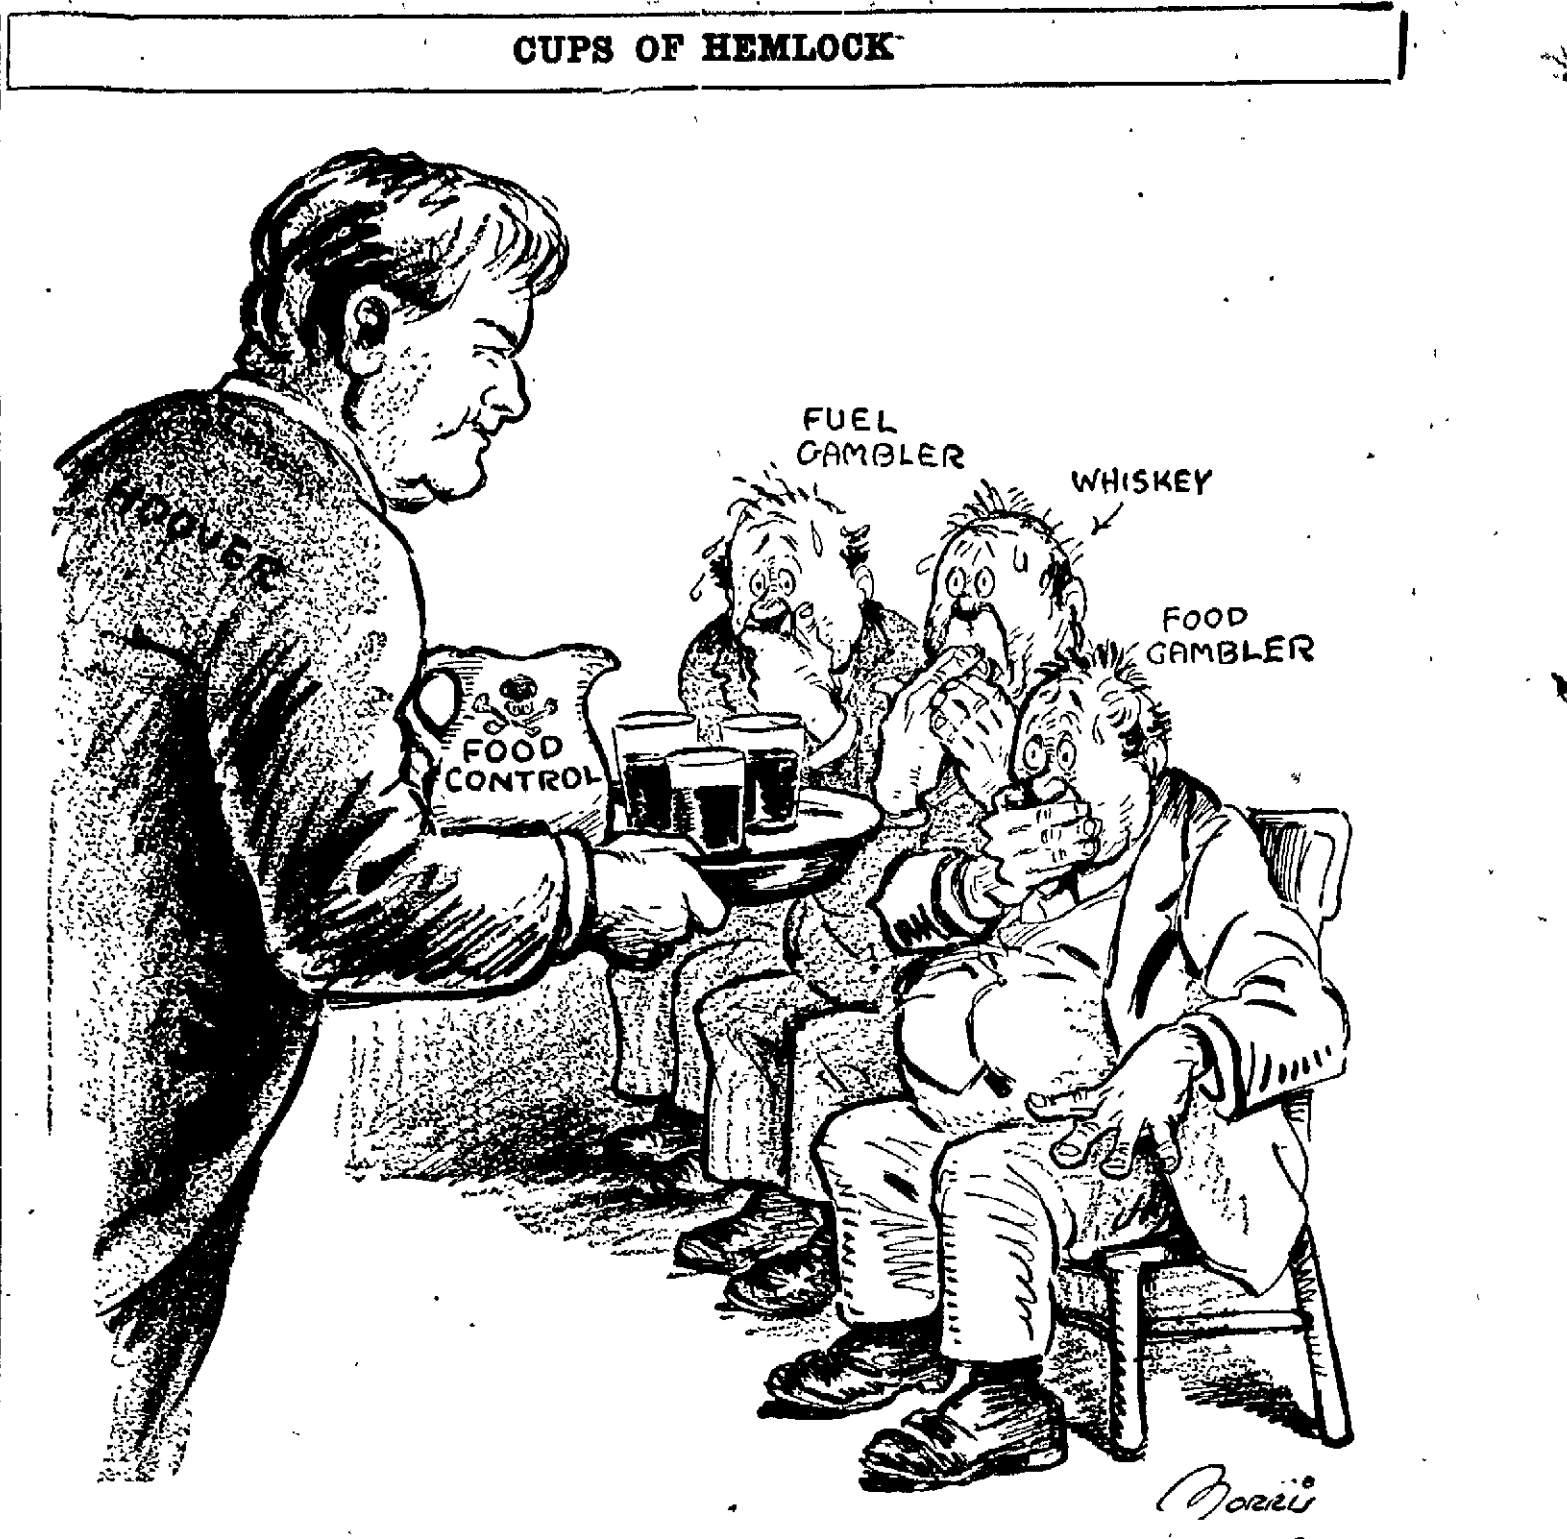

Germans completed capture of Damloup battery, Verdun; also French trenches in Famin wood.

On Somme river Germans regained by countercharges ground lost in Trones wood and Mametz early in the day.

Two Years Ago Today.

Germans captured French position in Sochez cemetery, ground taken by French June 16.

Robbs:—"Is 'Closest' given to drink?" Slobs:—"Only when drink is given to him."

PROSPERITY BULLETIN

NO. 18.

"Prosperity in the South will surprise the world this Fall. All of our old clients are increasing their appropriation and many new ones are coming into the field. We have no kick about business, present or prospective here. It is better this year than last year, and last year was the best ever." St. Elmo Massengale, Massengale Adv. Agency, Atlanta, Ga.

25 Years Ago

(From Advocate, July 11, 1892.)

Charles Hendershot, son of the late Wm. Hendershot, died last night at the home of his mother in German street.

The Review club gave a very delightful picnic yesterday at the Fair Grounds in honor of Mrs. S. G. Martin of Pittsburgh, who is visiting in the city.

Mr. S. E. Swartz, so long the principal of the Newark High School, has been the fortunate recipient of a fellowship in the University of Chicago. This gives him the responsibility and emoluments of a position as teacher with privileges of study.

Word was received here this morning of the death of Mrs. Margaret Powers at the St. Mary's Hospital in Columbus. Her husband was the late Timothy Powers.

P. B. Harrison, draughtsman at the B. & O. shops, is visiting friends and relatives in Sandusky.

15 YEARS AGO.

(From Advocate, July 11, 1902.)

Hon. William Bell, Jr., is lying quite sick at his home on North Fourth street.

The Tuesday afternoon card club was entertained this week by Mrs. Harry Hoover at her home in Granville street. The prizes were awarded to Mrs. Ed Brown and Miss Webb.

Mrs. R. R. Moore of North Seventh street gave a six o'clock dinner Saturday to a few friends in honor of Mrs. John Montgomery of Findlay. Those present were Mrs. Montgomery, Mrs. C. H. Spencer and Mrs. H. H. Leist.

Mrs. J. J. Cummings and daughter, Miss Mabel of Paw Paw, Mich., are guests at the home of Dr. J. H. McCahan on North Fourth street.

ONLY WHAT YOU GIVE YOU KEEP

By Edgar Saltus of the Vigilantes

A recent advertisement for Red Cross subscriptions says: "When you give, it's gone. None of it ever comes back to you—principal or interest."

Economically, that view may be correct, but an economic view, however sound, is invariably sordid. Moreover, from the standpoint of the higher mathematics, the view has the double demerit of being not only sordid but false. It is untrue that what you give is gone. It is untrue that none of it returns. All you can keep is what you have given away.

Joaquin Miller said that, or something to the same effect. He thought, was a poet. Educated people think differently. But then the ignorance of educated people is notable. Educated people, by reason of their education, which occasionally includes mythology, know that happiness is the greatest of all the gifts which the gods can bestow. Being mortal they try to get it; being ignorant they fail.

Ignorance confounds happiness with pleasure. Pleasure comes from without, happiness from within. People may be very gay and profoundly miserable. They may be actually poor—in either case their condition is due to the fact that the happiness which they sought, they sought for themselves. Therein is the poignant error of life. People who see happiness for themselves fail to find it. But they who succeed in securing it for others discover that on them also it has been bestowed.

The greatest happiness is the cessation of pain. The pagan aphorism the Red Cross should put on its banner.

THE ADVOCATE'S TRAVELLING NOTE

Non seem neither to understand their riches nor their strength; of the former they believe greater things than they should; of the latter much less. Self-reliance and self-denial will teach a man to drink out of his own cistern and eat his own sweet bread, and to learn and labor truly to get his living, and carefully to expend the good things committed to his trust.—Lord Bacon.

Great Scott!

I almost have a fit when I see my dentist's sign observe. He killed a tooth for me, thereby, you see, I lost my nerve.

Ostrich, Sam, Not Orphan.

Aunt Caline says:—Selma Soule which she is a new beginner in the teaching business she has a list of words onto the board which she told the children to rite a sentence ausing the words which she had ritten onto the board. Little Sammy Slapper he roden, "A orphan is a bird which hides its hed in the sand," an' Selma she says, "Oh, no, Sam my, you hain't got the rite idy a tail." she says, "Now look here, if your father wood dye an' your mother wood dye what wood you be then?" she says, "Why," says Sammy, a sort o' snifflin, "I'd be naked, that's what I'd be," he says, which his mother alters makes all his close.

It Never Rains But It Pours.

At a birthday fete held in Blythe-wood, S. C., on July Fourth, there were among those present, Mr. and Mrs. Wm. Cloud, Mr. and Mrs. Wm. Rainer, Mr. and Mrs. John Rainer and family, Zula Rainer, Cally Rainer, George Rainer, and Mamie Rainer.

The Long and Short of It.

From the calendar of the Pike county court: "Shank vs. Shinn." Strange all this difference should have been.

Twist Mr. Shank and Mr. Shinn.—B. L. T. in Chicago Tribune.

Still, Shinn might have been short, and Shank Was very likely long and lank.

O Grief on Grief.

Robbing Peter to pay Paul soon peters out.—Philadelphia Record.

O very well then, about that time it would probably begin to pall anyway.

Such a Language!

To write right, you must write it "write." Be sure that you don't write it "wright." There's only one way. To write "write" I say, And you're wrong if you write it "rite." —Luke McLuke.

Though the miller is quite a good wright, He hates this orthographical rite: He's at spelling not deft, And he always gets left, When he tries to write rite or wright, right.

Did You Know

That a galley is a long, low-built, narrow ship with one deck, much used in the Mediterranean prior to the introduction of steam? Galleys are propelled by sails and numerous oars, the latter being usually worked by convicts or "galley slaves" who are chained to them. The largest vessels of this class were those of the Venetians, some reaching a length of 126 feet and carrying 12 guns. The galleys long formed the severest form of punishment in France short of death, and were abolished in 1748.

Two Years Ago Today.

Germans captured French position in Sochez cemetery, ground taken by French June 16.

Robbs:—"Is 'Closest' given to drink?" Slobs:—"Only when drink is given to him."

WHY BLOOD SHOULD BE RED

The bright red color of the blood is caused by the presence in it of red corpuscles. It is these little bodies that carry nourishment to the tissues. They also cause the glow of health in cheeks and lips.

When the blood is deficient in these red corpuscles the person not only becomes pale but the body is undernourished, the weight is usually reduced and as the nerves share in the general starvation some form of nervousness follows. When the blood is improved in quality the tissues are better nourished and all the functions of the body are better performed.

When the blood lacks red corpuscles it is a scientific fact that a course of treatment with Dr. Williams' Pink Pills will cause them to increase. This can be demonstrated by a microscopic examination and anyone can prove it by looking in a mirror for an increase in red blood shows quickly in the cheeks and especially in the lining membranes of the eyelids.

"Building Up the Blood" is a booklet, full of useful information. Every mother and every growing girl should have one. It is sent free on request by the Dr. Williams Medicine Co., Schenectady, N. Y. Your own druggist sells Dr. Williams' Pink Pills.

TO WARD OFF SUMMER COMPLEXION ILLS

To keep the face smooth, white and beautiful all summer, there's nothing quite so good as ordinary mercerized wax. Discolored or freckled skin, so common at this season, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, which is applied at bedtime and washed off mornings. Greasy creams, powders and rouges, on the other hand, are apt to appear more conspicuous than usual these days of excessive perspiration. Just get an ounce of mercerized wax, any drugstore and use like cold cream. This will help any skin at once and in a week or so the complexion will look remarkably young and healthy.

Sun, winds and flying dust often cause squinting and other contortions which make wrinkles. You can quickly get rid of every line, however caused, by using a harmless wash-lotion made by dissolving 1 oz. powdered saxolite in 1/2 pt. witch hazel.

ASSOCIATED PRESS IS SEARCHING FOR WOMEN OPERATORS

ASSOCIATED PRESS TELEGRAM
Columbus, O., July 11.—Because of the large number of press and commercial telegraph operators who have enlisted or who are subject to draft, The Associated Press today began a search for women operators who will not be subject to military duty. Of the hundreds of press operators, handling the world news over the leased wires of the press associations, less than half a dozen are women. It is the announced intention to use some expert women operators in the place of men who have enlisted or who will be drafted. Women, it is said, usually make good operators.

Society

(Society Editor, Auto Phone 23123.)

The Acord family reunion was held at the home of Mr. and Mrs. A. M. Hessin near Black Run on Sunday. Those present were: Mrs. N. D. Acord, Mr. and Mrs. Wm. Smith, George Acord and sons, Thorburn and Elmer, Mrs. Cecile Pyle, Carroll Glenn and Ronald all of Newark; Mr. and Mrs. Millard Acord and children—Walter, Edna and Michael, Mr. and Mrs. E. L. Stamets and family, Lucile, Harold and Enid of Frazeyburg; Mr. and Mrs. A. M. Hessin and family, Twila, Elogene and Marion.

A very pleasant day was spent and dinner was served.

The women of Improvement League of St. Francis de Sales church are entertaining with a lawn party at the church grounds this evening for the benefit of the new parochial school.

The Licking County Equal Suffrage Association will meet at the home of Mrs. E. Baugher, 524 Hudson avenue, Friday afternoon at 2:30 o'clock. Business of importance will be discussed.

The members of the Thursday Afternoon Sewing club will be entertained at the home of Mrs. J. N. Pugh, in Granville street on Thursday.

Milady's Boudoir

Deodorizers for Dainty Women.
Salt baths for the entire body are excellent deodorizers. Empty a bag of salt in a tub and have the body thoroughly, or make a strong solution in a wash basin and sponge the body surface.

Moist hands are an unpleasant affliction, and if the summer months produce this condition adopt the practice of using a little spritz of camphor in the water. If the condition persists, rub into the hands a lotion made of four ounces of cologne and half an ounce of tincture of belladonna, afterward powdering with rice powder.

Excessive perspiration of the feet is apt to produce corns between the toes in warm weather, after bathing and drying the body, powder thoroughly between the toes with corn-starch or good talcum powder. Perspiration also makes the feet so tender that they blister easily.

To ward off this catastrophe, bathe with a lotion made with two ounces of bay rum and four grams of tannic acid. A very offensive odor from the feet which fails to correct itself with the most scrupulous attention to cleanliness of the body, may be mitigated by rubbing with the following compound:

Powdered talcum, 5 ounces; starch 1 ounce, salicylic acid, 4 scruples. Sometimes rubbing the feet with alcohol after the bath will destroy the odor of perspiration and tend to prevent its recurrence.

Don't forget that shoes, as well as hose, absorb the moisture from the feet, and therefore air them as well after washing, and dust them inside with a disinfecting powder.

RED OAK HILL

Frank Burrell and Wm. Stricker were Newark callers, Tuesday.

Mr. and Mrs. Shell Evans and little daughter, Gertrude spent Wednesday with Mr. and Mrs. Allen Wilson.

Mrs. Hallie Hilleary entertained the Willing Workers Sewing club Wednesday. The afternoon was spent in sewing, and refreshments were served to the following guests: Mesdames Eva Primm, Rhoda Glancy, Curtis Sossin, Ida Varner, Ethel Burrell, Emma Davis, Bessie Neider, Bertha Unterhager and Mrs. Hilleary and Misses Ava Hilleary, Ruth Davis, Minnie Golda Sossin, Zilla Rector, Master George Unterhager, George Gossin.

Mrs. Ethel Burrell and Miss Inez Ridenbaugh, Beatrice Francis and Onia Wilson and Fred Ridenbaugh called on Mrs. Thurman Wiley, Friday afternoon.

Mrs. Frank Burrell and Mrs. Allen Wilson called on the latter's mother Saturday afternoon.

Mr. Laura Thompson of Newark, is spending some time with her daughter Mr. and Mrs. Frank Burrell.

Mesdames Tillie and Eva Davis and Mrs. Thompson visited Mr. and Mrs. A. F. Burrell, Sunday evening.

Mr. and Mrs. Thurman Wiley and son Ernest, spent Sunday with Mr. and Mrs. James Wright.

Ira Wiley is spending a few days with his uncle, Mr. and Mrs. Alonzo Bank.

There will be an all-day meeting at Burrell's Chapel, Sunday, July 15. Everybody come. Bring your dinner and spend the day. There will be a missionary preacher.

Miss Inez Ridenbaugh is spending some time with Mrs. Allen Wilson.

Obituary

Funeral of Mrs. Haughman.
Mrs. Edith Pearl Haughman of East Columbus died Monday evening at the home of her sister, Mrs. Minnie Sands of near Fredonia. Death was caused by a complication of diseases. She was born Feb. 26, 1887, and was aged 30 years, 4 months and 13 days. She is survived by four children, William, Alonzo, Charles and Margaret, all of the home, two brothers and three sisters, Marcus, Clark of Alexandria, and Samuel Clark of Granville, Mrs. Minnie Sands of McKean township, Mrs. Irene Garrett of Granville and Mrs. Nettie Dague of New Albany Thursday morning. Interment in nearby cemetery.

Funeral of Ambrose Schaller.
The funeral of Ambrose Schaller, who died suddenly at his home in West Church street Monday night, will be held from the St. Francis de Sales church Thursday morning at 10 o'clock and interment will be made in Mt. Calvary cemetery. The Knights of St. John and local order of Elks will attend in a body, Mr. Schaller being a member of both orders.

Every Day Etiquette

"Will you please tell me what part I should take when my daughter who is seventeen, entertains a party of boys and girls during the evening. Should I remain in the parlor for a short time or not?" asked a fond mother.

"You should welcome your daughter's guests, but isn't necessary that you should spend the entire evening with them. You might go in now and then during the evening and you should be on hand when they say good-night," said her social mentor.

BEECH WOODS

The funeral of J. V. Turner, aged 48 years, was held at Marsh's M. E. church, Friday at 2:30 p. m. Rev. Poole and Rev. Sayer officiating. The deceased had been afflicted for several months. He leaves a daughter, mother, brother and many relatives and friends. His wife preceded him to the spirit world some years ago. He was a member of the M. E. church and a member of the Rushville Grange.

Jacob Daniels, aged 83 years, died at his home, west of Bruno, Wednesday. Funeral services were held Friday at 10 o'clock. Interment was made in Zion cemetery.

Rev. F. P. George of Bremen, a former resident and teacher of this place, is conducting a series of meetings at Reading this week.

Floyd Primmer of Somerset, spent Sunday with his parents, B. Primmer and wife.

Nancy Cover has been on the sick list the past several weeks.

A large number from this place attended the children's meeting services at the Dunkard church, Ziontown, Sunday evening.

Jacob Jones is quite poorly at his home with lung trouble.

Lona Drum, who returned home some weeks ago from the state sanatorium, Mt. Vernon, is much improved.

Anna, the 10-year-old daughter of Charles and Clara Miller, died Friday morning from acute indigestion. Funeral services were conducted by Rev. Mr. Poole at Drum's church, Sunday morning, and interment in the Drum cemetery.

A hot battle was waged in Oakthorpe, Saturday afternoon, between Jess Willard and the Kaiser, in which the Kaiser was defeated and as a result the slacker is carrying a badly colored optic. This is the third case that has come to public notice in this community.

The Drum Bottom Oil and Gas company struck gas at 2797 feet on the G. W. Folk farm, Saturday afternoon. It will be a one-million well.

What a Library Is.
A leaflet, having for its caption the words, "I am the public library," is sent out by the public library of Darlington, Ia., which announces itself as follows:

I am the storehouse of knowledge in this city.

I am an opportunity.

I am the continuation school for all.

I am a house of wisdom and an institution of happiness.

I am supported by the people for the people.

I offer you the opportunity to know all there is to know about your work.

I am for those who would enjoy fiction, poetry, philosophy, biography, or learn more about business, trade and science.

I have books for all tastes and needs and creeds.

I am free to the public to profit from and enjoy.

Japanese English.
A correspondent of the Chicago Tribune reports having run across the sign in Tokyo: "T. Cockery, Tailor, Respectable Ladies Has Fits Upstairs."

He who loses money loses much; he who loses a friend loses more; he who loses his spirits loses all.

WILL ELECT A NEW BOARD OF MANAGERS FRIDAY AFTERNOON

The Associated Charities will hold a postponed meeting at the city hall, Friday at 4 o'clock. Reports of the last six months will be given and the new board of managers will be elected.

The superintendent, Mr. Hopkins, will give a final report of his work and will introduce Miss Viola Fell, the new public health nurse for Licking county. Miss Fell will be one of the speakers.

Members of all circles of The King's Daughters are invited to be present at this meeting as well as all members of the Associated Charities and other agencies of the public welfare bureau. The King's Daughters through years of faithful work have pioneered this movement and have accumulated a fund which makes it possible to employ a visiting nurse at this time. It is desired that this be a meeting of getting acquainted as well as for saying goodbye to Mr. Hopkins.

Personal

John Dunn of Washington, D. C., is visiting at his home on Buena Vista street.

Mr. and Mrs. D. B. Bell and daughter Marie have returned from Buckeye Lake, where they have been camping for ten days.

Mr. and Mrs. L. A. Kerrigan of Toledo, O., are spending their vacation with the latter's parents, Mr. and Mrs. Geo. Sessor, east of the Children's Home on the Zanesville pike.

Mrs. Emma Pinkerton and granddaughter Pearl of West Main street, left Tuesday morning for a two weeks' visit with relatives in Akron.

Mr. and Mrs. Fred Henn and daughters, Martha Louise and Mary Kathryn, of Chillicothe, have returned home after a week's visit with Mr. and Mrs. Henry Reber of Tenth street.

Clarence C. Kern of Chillicothe, has returned home after a week's visit in Newark and at Buckeye Lake. He was the guest of Edward H. Reber, Tenth street, while in this city.

Mrs. C. A. Meckley of South Second street has returned home after visiting in Mt. Gilead.

George Carbaugh of Toledo was a business visitor in Newark yesterday.

Mrs. Mildred Mohr of the Mohr hat shop, is spending the week on the Great Lakes with a day or two at Mackinac.

Our Boys and Girls

Children have a sweet tooth and it should be catered to as sugar is necessary to a growing child.

Good little brown cakes will result if made as follows: Cream together one-half cupful of butter and one cupful of sugar. Add one-fourth cupful cocoa, the yolks of three eggs, and one-half cupful milk and water. Sift with one teaspoonful of cinnamon, and one-fourth teaspoonful of ground cloves. Stir into the other ingredients, and lastly add the whites of eggs beaten stiff. Fill round gem pans half full of the mixture, and bake. When cold, frost with boiled frosting, and paint brownie faces on each, with melted chocolate.

Peppermints—One cup granulated sugar, two teaspoonfuls of boiling water. Cook three minutes after it begins to boil. Soon as clear looking, take off the stove add one heaping teaspoon confectionery sugar and peppermint. Beat well and drop on marble slab or paraffin paper.

Chocolates—Same as peppermints, except adding a small piece of grated chocolate with the sugar, etc. These are just as good as any you can buy, and not expensive, but pure.

Aviation Tests.

Could you learn to aviate? Try the following tests, which were given to a number of would be government aviators who were examined recently in the government school of aviation:

Balance thirty seconds on either foot with your eyes closed.

Walk backward and forward thirty paces with your eyes closed and see how far you have strayed from a straight line.

Sit on a revolving chair and twirl yourself around a half dozen times; then, without opening your eyes, name the direction you are facing.

Put cold water in your ears; then replace it by warm water. If the effect is the same in both cases your ears are normal as far as susceptibility to altitude is concerned.—Chicago Tribune.

It Came Out.

"Well, I didn't think you had it in you," remarked the jocosely chap as the sword swallower drew a five foot cat-alry saber from out of his gullet.—Jack of Lantern.

Writing Backward.

The Chinese and Japanese writing in columns up and down, beginning at the top of the right side of the page and going toward the left.

The true man has no one.—Napoleon.

Removes Stinging Corns

Takes all the sting out of a sore corn. This marvelous remedy is Putnam's Corn Extract. Contains no acids. Cures out by the roots. Leaves no scars. Don't experiment with plasters or salves—they are only temporary. Use Putnam's and clear off every corn you have. It's safe and won't fail. Sold at all dealers everywhere.

SPEND YOUR VACATION IN DETROIT

"The Fastest Growing City In The World TODAY"

LET US SHOW YOU THE WONDERFUL AUTOMOBILE FACTORIES AND OTHER POINTS OF INDUSTRIAL AND CIVIC INTEREST. ENJOY THE COOL BREEZES ON THE DETROIT RIVER, LAKE ERIE OR LAKE HURON

We will also show you OJIBWAY—the big new steel city being erected by the U. S. Steel Corp. on the Detroit River, opposite Detroit.

We will show you one of the safest and best investments on the market today—an investment in close-in Ojibway real estate.

Remember Gary, Ind., where real estate increased from \$300 to \$65,000 per lot in seven years. OJIBWAY is another Gary—on a larger scale.

Newark people have invested many thousands of dollars in OJIBWAY—after seeing it. We extend you the same opportunity to investigate before you invest. Prompt action is essential if you wish to get a good location before prices advance.

UNCLE SAM'S THRIFT THOUGHT FOR TODAY

By U. S. Dept. of Agriculture

SPREAD THE MEAT FLAVOR

Cold ham, chicken or other meat left over in quantities too small for use alone, may be used advantageously by mixture with other foods, says the United States Department of Agriculture. Here is a recipe for one way to use such meat.

MEAT AND PASTRY ROLLS

Chop the meat fine and season it well. Mix in enough butter or other fat to make it "shape" well. Form into rolls about the size of a finger and wrap around each a thin piece of short dough made from a pinch of flour, two tablespoonfuls of baking powder, salt, and milk enough to mix.

Bake the rolls in a hot oven until they are a delicate brown. Serve hot.

The Courts

Treasurer's Books Close July 20th.

The books of County Treasurer Will H. Miles will close July 20, and all taxes not paid by that time will be increased, 15 per cent for real estate and 10 per cent for personal property.

The assessments are for the last half of 1916 and amount to over \$500,000. Approximately \$205,000 has been collected and most of the rest will come in in the next nine days.

Real Estate Transfers.
J. W. and Mary Richards to C. A. and E. E. Richards, two parcels, Mary Ann township, 143 acres, \$1, etc.

Mrs. A. and Emily Allen to Chas. and Rosa Sutter, lot in Lima township, \$1, etc.

G. B. Sprague and wife to Trinity Parish, part of inlet 63, Newark, \$1, etc.

Chris G. Steger, et al., to Irwin and Pearl Brightwell, lot 414, Talmadge Place addition, Newark, \$180.

Ava O. Monahan of Columbus to J. F. Moore, lot 11, Hudson Park addition, \$1, etc.

Divorce Granted.
At a hearing of the divorce matter in the Probate court yesterday of J. William Howard vs. Grace M. Howard a divorce was granted the parties and Mrs. Howard was restored to her maiden name of Grace M. Wintermute.

Condemnation Proceedings.
The B. & O. today filed condemnation proceedings against the Newark Furniture Co. in probate court. The B. & O. has two crossings at Sixth street where the Furniture Company is located and in building the new elevated tracks they plan

to run both tracks over the same elevated track. The Shawnee road will cross at Sixth street and then curve south through the Newark Furniture Company's yards and cross the southbridge over Raccoon creek.

The Furniture Company was not willing to sell the land and so condemning action was taken.

Juvenile Court.
Probate Officer John Dwyer was called to take charge of Clifford McCann of McKinley avenue. Clifford, a boy of 17, had two loaded revolvers in his possession and he was wandering around near Frazeyburg shooting incidentally. Men at Frazeyburg took him in charge after his ammunition was exhausted and held him till officer Dwyer came.

The boy was placed in the county jail last night and will be taken to the institution for the Feeble Minded at Columbus. The revolvers, a 22 and 32 calibre, luckily caused no harm even if they did cause excitement in the village.

No Better Than Father Used to Make.
Young Husband—Still sitting up, dear? You shouldn't have waited for me. I was delayed downtown by important business, and— Young Wife—Try some other excuse, George. That's the kind father used to make.—Chicago Tribune.

Between stealing a kiss and begging one, there is the middle ground of taking it for granted.

FRIEND'S ADVICE COST H. C. HUNTER JUST A DOLLAR

The Dollar Brought a Bottle of Nerv-Worth With Resulting Blessings You Can't Put a Price On.

And Mr. Hunter's ailments were serious. They had roots to 'em. Had lasted a year. Let him tell you how they vanished:

"I have been having stomach trouble. I think it was nervous indigestion. I was very nervous. Did not sleep well. Poor appetite. Worried out feeling. No ambition. Tired in the morning when I'd get up. This condition has been of one year's standing. Doctored some, taken lots of medicine, but got very little relief. I finally was persuaded to try Nerv-Worth and ONE BOTTLE BROUGHT THE ANSWER. I'm better all around. Sleep well, appetite good, nervousness about all gone and I want to say Nerv-Worth is the best medicine I've ever taken. I give Nerv-Worth the credit of reaching my case."

"H. C. HUNTER,"
174 Zane St., Wheeling.

The T. J. Evans Drug Store will hand your dollar back if Nerv-Worth does not do for you what it did for Mr. Hunter. Use Nerv-Worth Laxative Tablets in connection with Nerv-Worth Tonic. 25c a box. A combination without an equal.

At Hebron the Hebron Drug Store sells Nerv-Worth; at Utica, the Utica Drug Store; at Granville, W. P. Uhlman; at Johnstown, C. S. Howard. Advertisement.

INSTALL OFFICERS GRAND ENCAMPMENT OHIO ODD FELLOWS

The Grand Encampment of Odd Fellows closes here today after being in session since Saturday. The encampment was well attended and

C. A. GRAHAM
Grand Junior Warden, Lima, O.

was successful in every way, a great deal of credit being due to the local committee in charge.

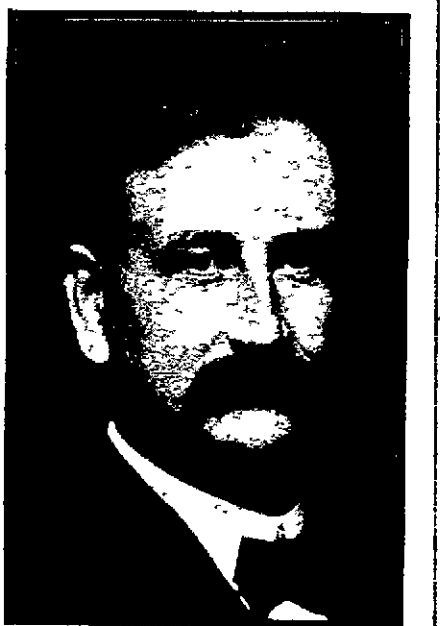

The parade of all branches of the order was held Tuesday afternoon the line of march being around the square and out to the Park. The

JOHN R. LYNN
Grand Junior Warden-elect, Portsmouth, O.

cantoned by their officers on white chargers made a fine appearance in their uniforms. The parade stretched on West Main street from Third to Sixth.

At four o'clock the decorations of Chivalry were conferred at the park. Dinner was served to the

W. J. EMMONS
Grand Treasurer, Sydney, O.

members and their friends at the park in the open air and the grand ball at the pavilion began at eight o'clock. The music was furnished by an orchestra made up from the Buckeye band and dancing was indulged in till twelve o'clock.

The Buckeye Band and a band of boys from the Springfield home furnished the music during the parade.

The business session of the Encampment opened at eight o'clock this morning. The following officers were installed: Chief Patriarch, M. S. Mumma of Fostoria; Grand High Priest, L. L. Harlock of Springfield; Grand Junior Warden, J. R. Lynn of Portsmouth; Grand Treasurer, W. J. Emmons of Sydney; Grand Scribe, F. C. Garrett of Dayton.

F. C. GARRETT
Grand Scribe, Dayton, O.

The State Encampment will be held at Mansfield next year.

Amusements

GRAND.
Frederick Warde in "Fires of Youth." The success of Frederick Warde, the noted Shakespearean actor, in his first modern role in "Hinton's money," is the result in the preparation of another picture in which he plays a man of today. The title is "Fires of Youth" with Will H. Ward in the picture. The story is the beautiful young Broadway star most recently seen as George, the Professor's Love Story, and other plays. The story tells of a steel king who has given his youth in exchange for his massive fortune. The way in which he finds final happiness with the aid of a wonderful little boy and beautiful girl, makes a delightful story. See "Fires of Youth" at the Grand on Thursday and Friday.

ALHAMBRA.
Friday and Saturday.
The famous director, George D. Baker, plays his first part before the camera in "Sowers and Reapers," the Metro-Rolle five part production in which Emmy Wehlen will be seen at the Alhambra theater Friday and Saturday. "Sowers and Reapers" is the story of a girl who became a motion picture star, and Mr. Baker was prevailed upon to play the part of the director.

Mr. Baker has been in turn cartoonist, actor, manager, and now motion picture director, being successful in all, but excelling in his present vocation. He won fame as the director of the late John Bunny. He has directed Metro wonders with Ethel Barrymore, Jimmy Whelan, Emily Stevens and Lionel Barrymore as stars. In "Sowers and Reapers," the making of a motion picture is shown before the camera under the guidance of the director, then the picture is shown in the projection room, where the director, by the general manager, the director and the star, and later is presented its first showing before a private audience in the ballroom of a fashionable hotel.

Tonight and Tomorrow.
"The Crimson Dove," the latest World picture Brady made, will be the attraction at the Alhambra theater tonight and tomorrow. The picture is a story of a girl who is the daughter of a man who is a member of the police force. The picture is a story of a girl who is the daughter of a man who is a member of the police force. The picture is a story of a girl who is the daughter of a man who is a member of the police force.

AUDITORIUM.
Sessue Hayakawa Today.
"I have got them stumped on two lines of my story," said Sessue Hayakawa, the Japanese star who will be seen at the Auditorium today and tomorrow in the Lasky-Paramount production, "Jaguar's Claws." "And those are an Irish policeman and Swedish characters. I believe I have played the most national roles in the map. I have been Japanese, Chinese, East Indian, West Indian, Hawaiian and now in Jaguar's Claws I am playing a Mexican. Not a nice Mexican either—it is a Mexican of the Villa type, and I am very cruel and bloodthirsty."

"Fortunately for the story, however, I get killed in time for the other people to be perfectly happy."

"Tiger" part of the story, I can't say that I like being mean or that I like being a villain, but I really think that villainous roles require more dramatic expression and that a person has a greater opportunity to make something out of that part than any other. I know I have faced equally as well in the roles I played in "The Cheat" and "In Each to His Kind" as I do in "The Honorable Friend," "Alien Souls" and "The Bottle Imp."

"However, if my role as a Mexican in 'Jaguar's Claws' will do anything towards showing how Mexicans are treating the Americans in Mexico, I will feel that I have done some good."

Anyhow, we had a lot of fun filming a number of the scenes and many of them were shot in Mexico. We nearly caused serious international complications, we had our gang of nearly 100 cowboys dash through one of the Mexican towns. We had hired the town and most of the citizens for that day, but there were a few who did not quite grasp that the attack was merely for motion pictures and when the cowboys came galloping through, the firing their revolvers, a number of the inhabitants crawled under their beds and others seized rifles to attempt to quell the invasion. Fortunately, however, there were no serious results. In my next picture I go back to a Japanese role—the only villainous thing I do in the picture is to shoot a man. This feature today Mrs. Vernon Castle is seen in "Patria," episode No. 3.

Tomorrow---Thursday Early Closing Day Specials

HERE ARE 18 ITEMS AT PRICES THAT DEFY COMPETITION

are possible if you wear a scientifically constructed Bien Jolie Brassiere.
The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled.
put the bust back where it belongs, prevent the full bust from having the appearance of a hump, eliminate the danger of dragging muscles and confine the flesh of

Plan to Attend The Summer Clearance Sale Tomorrow Morning We Close at Noon

In every department you will find summer lines that are to be closed out, marked at special prices. Lines you will be seeing all through the summer which you can buy now at a big saving of money.

SILK DRESSES ARE REDUCED— BEAUTIFUL STYLES NOW \$12.38, \$13.50, \$15.00 and \$18.75

These are all the late models and made in very attractive styles. There are models of taffeta, crepe-de-chine and georgette, showing pretty trimmings of embroidered designs, large fancy buttons, novelty cords and pretty collars of georgette or other sheer fabrics.

WHETHER YOU TRAVEL OR STAY HOME YOU'LL NEED A NEW SUIT

By buying your suit now, you can select from splendid styles that are left from the spring and early summer selling. There are some very stylish models left, which are now marked at very interesting prices.

A PRETTY SUIT FOR \$6.50

Is an unusual bargain. At this price will be found some pretty styles in blue and black, and also a few black and white check novelties.

OTHER SPLENDID SUITS ARE THOSE NOW \$9.38 and \$13.50

There are attractive styles in serge in blue, black and green. Black and white checks and grey novelty mixtures.

WASH SKIRTS ARE A NECESSITY FOR THE HOT WEATHER

And practically every woman wears them. The styles this season are unusually stylish, and there's nothing so neat looking and serviceable as a pretty skirt that can be easily laundered when soiled. In our big showing are beautiful styles in wash corduroy, waffle cloth, poplin and fancy weaves, marked \$2.50 and \$3.50 each.

H. H. Mazey Company

ALL BLAZED AND PIFFED THERMOMETER CUTS QUEER CAPER

By noon yesterday georgette crepe waists and spidery silk hose, felt about as comfortable as they do near the Christmas holidays, for heavy clouds obscured the sun and the thermometer did not seem to have energy enough to keep it up to the summer heat mark.

The mercury hovered between 60 and 62 all day, and by this morning had regained only four points, registering 66.

With summer nearly a month on the decline, there have been few very warm days.

CONSERVE GAS SUPPLY FOR USE DURING WINTER

Columbus, July 10.—Consumers of natural gas can help their own cause in getting gas when it is badly needed by practicing conservation and eliminating waste, and it is highly important that these things should be considered, now that it is indicated next winter's coal supply will not only be short but high in price, and after last winter's experience of gas shortage.

"Consumers should realize that natural gas is controlled by nature. It is found only in small areas, is uncertain as to supply and neither quantity nor quality is controlled by the producer," says the report of the state natural gas survey to the public utilities commission.

Nearly a score of suggestions are made to domestic consumers to help them save gas and help conserve the supply and at the same time save an average of \$5.71 a year, which is the average amount unnecessarily wasted. Among suggestions are the following:

Test the house piping. Turn off fires and lights and watch the gas meter for 15 minutes. If the hands move it indicates there is a leak somewhere.

The flame should be of a sharp blue tinge. If yellow at points, there is a leak and waste.

Flames in stoves should not be allowed to extend or envelop cooking vessels. Turn off gas when through cooking.

Treat heaters the same way. Don't open doors when a room gets warm, but shut off the gas. Use a thermometer to regulate heat.

Don't let dust accumulate on the mixer and screen. Clean the pin holds through which the gas enters the mixer.

Don't look for a leak with a lamp, lantern, candle or lighted match. If a leak is found, open windows and use soap and a bandage for a temporary stop.

Clean lamp and stove burners and look for leaks before winter. Don't use a gas stove without a flue connection.

Keep the damper partly closed. Natural gas requires a perfect draft. Don't use rubber tubing for connecting gas stoves. If used for connecting lights, have a cut-off cock on the gas fixture, not at the lamp.

Don't keep gas stoves near the wall. Have metal under the stove. Watch the burners in a gas stove. If the flame is red, the burners should be cleaned by placing them in boiling water with soap and washing soda. Then regulate the mixer until the flame has the proper blue color.

Learn to read the gas meter and keep your own record. Have emergency fuel on hand. Gas pressure is low in winter and no one knows how to regulate it.

NEEDMORE

Mrs. Stanton Wilson and daughter Mary, visited at J. W. Martin's, Wednesday.

Mrs. Roy Clark and Miss Dollie Clark spent Tuesday with Mr. and Mrs. I. D. Martin.

Mrs. J. L. Martin and daughter have returned home after spending a week with relatives in Mt. Vernon.

Mr. and Mrs. Rollie Clark and little daughter were Sunday guests of Lewis Clark.

Mr. and Mrs. Walter McDonald gave a party, Tuesday evening, in honor of Mrs. McDonald's sister, Miss Donna Hardesty. Light refreshments were served to the following guests: Lee Martin, Mr. and Mrs. Roy Clark, Misses Blanche Smith, Edith Clark, Letta and Lorina Moran, Mabel Wright and Clara Moran, Messrs. Tommie Johnson, Ross, Dwight, Lloyd and Sidney Moran, Willie McDonald, Carl and French Moran and Mr. and Mrs. Labon McDonald.

Lee Martin and Oren Clark were callers in Frazersburg, Saturday.

Abe Martin

Dr. and Mrs. Coleman, Harry Tippet and Mrs. Stanley, arrived home Thursday morning from Minnesota, where they had been spending the past week.

Mr. and Mrs. Jesse Sellars and family and Miss Myrtle Van Rhodin, attended the funeral of Paul Neff of Johnstown, Thursday.

Miss Genevieve Thatcher of St. Louisville, is visiting her grandparents, Mr. and Mrs. Joseph Whizzen.

Rev. F. I. Johnson, district superintendent, held the fourth quarterly conference at the M. E. church, Saturday afternoon.

Miss Mar Vance attended the Willing Workers Society at the home of Mr. and Mrs. Ira Bergers, Thursday.

The King's Herald will hold their annual picnic at Mr. and Mrs. Walter McDevitt's, Thursday.

Mr. and Mrs. A. L. Totten and two daughters, Edna and Irene, called on Mrs. Emma Hoover of Appleton, Sunday afternoon.

Harry Tippet and son Stanley, Misses Margaret and Nannie Tippet, were the guests of Mr. and Mrs. McWilliams, near Vanattas, Sunday afternoon.

PROTECT WOMEN WHO TAKE PLACES OF MEN

Baltimore, July 10.—An appeal to industrial America to preserve the standards of womanhood during the emergency which has made it necessary to place female operatives in positions formerly occupied by men was made by Daniel Willard, chairman of the advisory commission of the Council of National Defense and president of the Baltimore & Ohio Railroad, in closing the conference of his official staff which was held last week at Deer Park, Maryland.

"If it should come about as a result of the change which is taking place in the industrial world in this country that our American womanhood suffered indignities as a reward of the patriotic effort they are making to support the nation in the purposes of this war we in America would thus be confronted with a situation the seriousness of which would be second only to the loss of the war," was the way Mr. Willard summed up. "We see signs all about us that the war calls for a sacrifice from every American when we observe the number of women who have taken place left by men," Mr. Willard continued, "and unless we throw around these women the protection which should rightfully be theirs we are not deserving of the name of Americans."

PENNSYLVANIA ROAD PLANS NEW SHIPPING METHODS TO SAVE CARS

Plans which are now being worked out in final detail, and will shortly be put into actual operation, will effect a complete change in the methods of receiving loading and forwarding less than carload freight, of all descriptions, upon all portions of the Pennsylvania Railroad Lines east of Pittsburgh.

The new arrangements will constitute probably the most far-reaching improvement that has ever been attempted, on a large scale, in freight transportation practices. The present custom of receiving less than carload freight indiscriminately, at all stations, at any time of the day, for all destinations, which has been followed since the early days of railroading, will be abolished. In its place there will be substituted a carefully devised plan whereby the acceptance and loading of freight, less than carload lots, will be conducted according to a regularly established system, and such freight will be automatically concentrated into full loads at the point of shipment.

The two most important features of the new plan for handling less than carload freight are:

1. The inauguration of shipping days—or substantially "sailing dates"—on which cars will depart from various points of origin to specified destinations; freight will be accepted on the proper shipping days, only, and the cars will "sail" as specified.

2. The designation of particular stations at which freight will be exclusively received for specified destinations; freight for such points will be accepted at the stations named only.

HOME CANNING AND DRYING OF VEGETABLES

The Chamber of Commerce has received a limited number of manuals on home-canning and home-drying of vegetable and fruit from the National Emergency Food Gardens Commission of Washington, D. C. This commission secured the planting of over 2000 food gardens more in 1917 than in any previous year and it is now educating the public to the need of food conservation by canning and drying vegetables and fruits which may be purchased at summer prices, and stored for winter use. This commission will send to any resident in Newark or Licking county without any charge two primer's upon home-canning and home-drying, upon receipt of a 2-cent stamp. Those desiring these manuals should address Percival S. Riddals, secretary and treasurer, National Emergency Food Garden Commission, 1110 H street, N. W., Washington, D. C.

HOMER

GIRL USHERS AT AUDITORIUM FOR STOCK CO.

During the engagement of the Auditorium summer stock company, an innovation in the way of girl ushers will be introduced. Women have been used in a number of the theatres in the various cities for several years, and the Auditorium is today advertising for young women to act in this capacity.

They will appear in uniform, and be instructed so as to give the best of attention and service. Manager Kenberg states that the young women appointed to the position will receive every courtesy possible from all employees of his theatre.

41 LETTERS IN NAME OF BUYER OF LIBERTY BOND

The Liberty Loan of 1917 was a great success in whatever aspect it is considered. The government called for two billion dollars and over three billion dollars was subscribed for by more than four million people. This large subscription and this great number of subscribers were obtained after a short campaign, from a nation that as a people were not accustomed to purchasing government bonds. The spirit with which vast numbers of citizens and organizations worked to make the loan a success is not an unimportant element in making the loan not merely a success but a triumph.

It should be remembered, too, that the bond issues of other nations were sold when the foe was either on their territory or at their very gates. Our bonds were sold when danger was far from us. There was no duress, there was no hysteria, and there was but little war spirit. The bonds were bought in the calm exercise of patriotism and sound business judgment after a campaign of education and information.

It is a pleasing coincidence that the Red Cross campaign for \$100,000,000 which immediately followed the conclusion of the Liberty Loan campaign, resulted in an oversubscription of practically the same percentage as the oversubscription to the loan.

The American people are well over 100 per cent patriotic and well over 100 per cent generous.

The oldest purchaser of a Liberty Loan bond is Mrs. Louisa K. Thiers, of Milwaukee, Wis., who is 102 years of age and a real daughter of the revolution, her father having served in the continental army which won our independence.

The youngest subscriber to a Liberty Loan bond is Miss Florence Estelle, of Medford, Mass., whose father purchased her a bond when she was 8 hours old.

The purchaser of a Liberty Loan bond with the longest name was Gust J. Papathodorokoumoundurgistomichalakopoulos, of Chicago.

Works Two Ways.
A fine rush for the first day, said the wife of the tailor who had just opened in Plunkville. That must mean that the old tailor isn't giving general satisfaction.

I dunno, responded her husband. It may mean that he isn't giving general credit.—Kansas City Journal.

The Right-One to Switch.
Irate Parent—I warned you boys and now I'm going to switch you by making such a racket.
Bobby—Well, I switch Johnny, we're playing train and he's the locomotive.—Boston Transcript.

SWEET CREAM ANNOUNCEMENT

We are now buying sweet cream at our Newark, O. plant.

This cream must be delivered daily and produced upon farms complying with our dairy requirements. Call and get our price. We pay a very extra price for these goods.

You who live out a distance, but who are near the interurban or steam roads, should be specially interested in this proposition.

This is a fine opportunity for producers who live in groups to do their hauling jointly, either to a shipping point or direct to our Newark plant, each taking his turn. This effort will be well paid for.

This is the day of the quality article and fresh, sanitary cream is bound to command the highest price.

We are specialists in the buying and distributing of sweet cream. We also want to buy more milk. Call at our office.
